Nutrillite Leading Vitamin, Mineral and Dietary Supplement Claim

NUTRILITE CLAIM

Altacor has asked that Euromonitor International substantiate a claim related to its Nutrillite division (vitamins and dietary supplements). The claim Altacor intends to make is as follows:

"Nutrillite is the World's leading* brand of Vitamin, Mineral and Dietary Supplements."

Existing syndicated Euromonitor research was consulted to verify whether Altacor can make such a claim, along with the following language:

"MR consulted with Euromonitor International for a thorough investigation of 2008 sales of the leading vitamin, mineral and dietary supplement brands."

CLAIM CRITERIA (*)

The claim above is based on existing Euromonitor syndicated data in the OTC Healthcare segment of its Passport product, according to the following definitional parameters:

1. Claim is based on 2008 (retail selling price) market share value.
2. Claim is based on the Euromonitor definition for "Vitamins and Dietary Supplements" as outlined below.

CLAIM VERIFICATION

Based on the criteria above Euromonitor confirms that the Nutrillite claim stands for the years 2002-2008. The Nutrillite brand was the global leader in Vitamins and Dietary Supplements, accounting for an (rsp) market share of 3.8% (amounting to US\$2.5 billion in retail sales). Nature Made was the nearest competitor at a distant share of 1.8% (or US\$1.2 billion in retail sales).

The personal story of **SUCCESS**

Despite the headlines you see every day about the tough global economy, there is another story making news - a positive story about Amway's business growth.

We recently announced global sales for 2008 and the company broke all previous records by achieving sales of more than US\$8.2 billion. It was not in just one country or one region. Distributors in every market helped drive these increases.

Since the beginning, our company has been a leader in direct sales. As leaders, we know that to stay relevant in the marketplace, we must focus on new ways to reach people and provide them with meaningful Amway experiences.

While we measure our global success in the billions of dollars, it's important to stay true to the basics that brought us here - then build upon them. Remember that this is a personal business based on long-term relationships between distributors and customers.

Those personal relationships help tell the story of our success, and they provide the key to our future. Without them, we would not be where we are today.

her constant encouragement & unconditional support, we could charge our way to success in everything we set out to do. She is truly a powerhouse in her own way.

What has stayed in good stead with us is the capacity to endure and persist.

Recently, we built a whole dream backyard to the Florida home, and clearly it was built with get-togethers with friends in business in mind. We always saw Amway business as fun and making friends & helping them become successful. It therefore never became a job to be done.

When Amway India Diamonds visited me at my North Carolina home, we all watched a movie in my personal home theatre, went for a walk around the property, ate & laughed together. We had a great time! But for this business I could never have interacted with such good people from such far away places across the world. It has been an enriching & satisfying experience.

Peggy has always been a very supportive wife, best friend and a true partner in the entire journey. With

It has been a very satisfying journey from being a City Manager in North Carolina to the Founders Crown Ambassador position in USA. It is definitely an honor for me & Peggy to have become the new India Triple Diamonds.

We strongly believe that one needs to constantly strive to help expand the dreams of anyone you come across. Just become a master dream builder for oneself & for the group and help them get fulfilled with right attitude and focused work. The magic begins there!

It has been said "It is not how big you can dream, it is how long you can dream big".

Peggy and I have always made an attempt to stay pre-occupied with involving others and sharing the joy with others as they come along during the journey. We definitely recommend you to keep on doing it. It is certainly great to succeed but it is greater joy to see others succeeding when you succeed. In this business "Giving is Growing" !

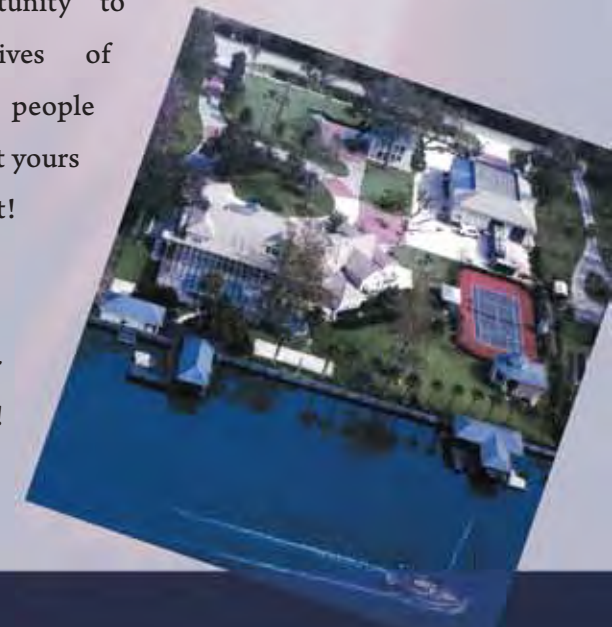

I strongly recommend everyone to have the "Bull Dog" determination. This combined with an astute understanding of how the Amway business is built, and beauty of relationships and converting situations into opportunities, shall help you build an army of leaders all over the world. Build leaders and build business the right way so that you never have to worry. Life is beautiful with Amway but there are no short cuts.

It has been said that people have faith in people

who have faith in other people. We have always had unwavering faith in Rich DeVos & Jay Van Andel and in their founding principles. They have been totally dedicated to Amway Global and the masses of people that they have had the chance to impact positively, Amway business has a Great future ahead!

You have a chance to bring out the best in you & others by Empowering People around the World in this unique business...no question! Ravi & Ila Jain

Professional (H) & Beautician (W)
DOJ: 31/01/1999 | JAIPUR

Me and my wife, both were born in Rajasthan, where culture and traditions speak its own language. Prior to joining Amway, I was a management consultant, assisting many corporate big wigs and my beautiful wife Ila, was a very renowned beautician of the town. We are blessed with two sons and a daughter.

After joining this business in 1999, I went through a phenomenal change. Earlier I was a man having lot of challenges in my life that totally deteriorated my personal life as I had no time for myself, family or society. Life was full of hustle and tussle, due to which I lost many beautiful days of my youth.

My basic characteristics taught me that a person who has a vision for life can do miracles. If we closely watch the lifestyle of great personalities, one thing is similar in all; that they were visionaries having firm determination, courage, and passion. They never altered their focus in life. They were real entrepreneurs. I believe that success is never arriving, it's ongoing. Me and my soulmate, Ila have been always doing our best and we feel that it is our responsibility to let everybody know about this beautiful opportunity.

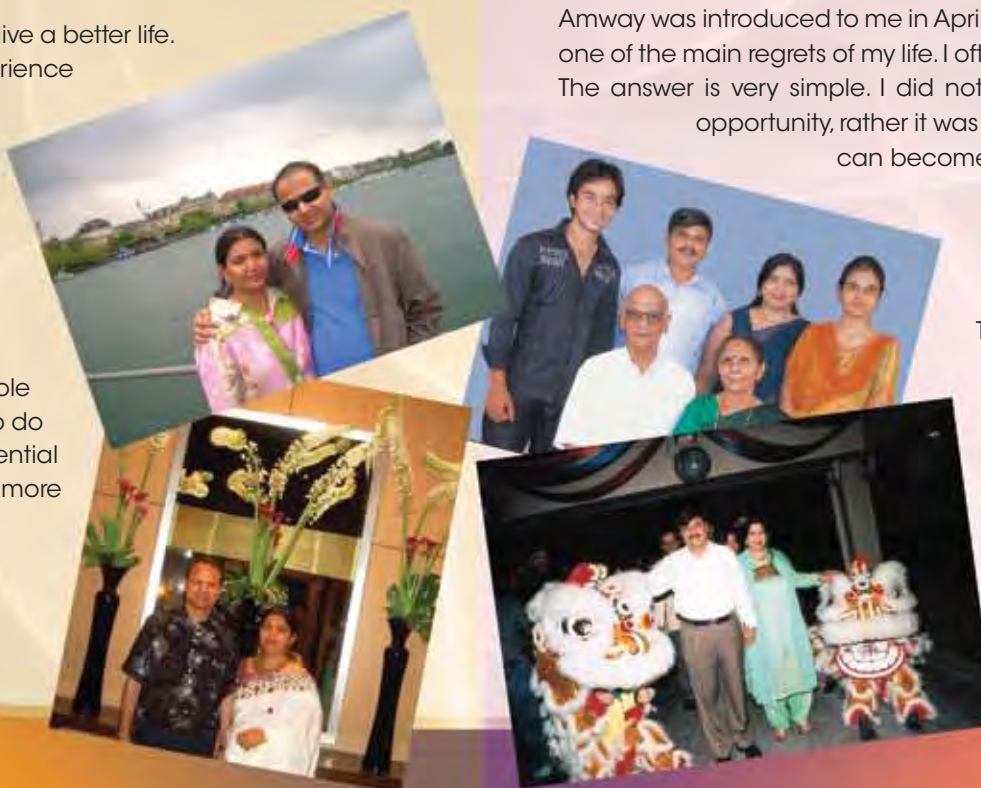

It is not only great for me but for all those individuals who chose to share my vision. It always gives me immense pleasure and warm feelings when I serve my mates. Amway gives us everything and the list is never ending.

There is big difference between motivation and inspiration. Amway inspires us to live a better life. The only way to experience success is to be successful. If you wish to experience success with Amway, the only way is to achieve higher levels of recognition.

While building this business I learnt many things and the beautiful memories of those great moments are engraved in my mind forever and still they rejuvenate me every day in my life and helps me to achieve more for my team mates, who really are great companions of my dream. Since our dreams are common, we work hard to achieve them commonly.

I am of the opinion that my life belongs to the whole community and as long as I live, it is my privilege to do as much as I can. I want to thoroughly use my potential by the time I die as I believe that harder I work the more I live. I rejoice in life for its own sake.

Dushyant Kumar & Sudha Chaudhary

Marketing Professional (H) & Homemaker (W)
DOJ: 29/07/1998 | KANPUR

I was born in a service class family with an agricultural background. I wanted to start my own business as I was not satisfied with the lifestyle I had.

I left my studies at a very initial stage and started pursuing small businesses with a little capital before realizing the importance of education for good life. I re-started the studies after a gap of three years and completed my Masters Degree followed by post Graduation in Marketing and Sales Management. I worked for some National and Multinational companies for 3-4 years and found that I will never be able to fulfill my dreams like world tour, luxury of life and providing best education to my children, with the job I was in. Therefore, I tried some traditional businesses and failed mainly of two reasons; firstly, not having enough capital and secondly, lack of experience and tough competition.

I am thankful to Amway Business because it offered an opportunity with very low investment and my entire team for the support that I got from them. Me and my family will always remain grateful to them.

My wife, Sudha is a homely lady. I never imagined that she too poses a skill of such an entrepreneurship. Had I not joined Amway, I would have not known my wife so well. Her whole hearted support and constant motivation helped me to achieve my Diamondship.

Amway was introduced to me in April 1998 but I took three months to join and it is perhaps one of the main regrets of my life. I often ask myself why did I take three months time! The answer is very simple. I did not join, not because I did not understand the opportunity, rather it was difficult for me to think that a person like me too can become a Diamond.

It is easy to be a diamond but it is hard to believe. We have to win a war with ourselves. Since childhood we are trained to think like a mediocre. There was no one to remind us that we are a Unique Creation of God and we have all the qualities and abilities to live a Great Life.

I am thankful to our children, Bharat and Chandini for becoming our reasons to build this business. I am also grateful to my parents, who stood by us and believed in our abilities during difficult days and supported us in our journey.

An Emerald is a qualified Platinum who has sponsored 3 legs, each of which was at the 21% Performance Bonus level for at least 6 months of the performance year.

I am a qualified psychologist and my husband is an executive. We are proud parents of three daughters, Shatakshi, Shagun and Siddhi. We were not satisfied with our fast moving life and our financial status. In fact, we were compromising a lot in life. When I joined Amway business, I was very impressed with its products. I continued this business only due to its quality products. That time I was not aware of the potential of this business. But, after some time we decided to work whole heartedly to build this business and my husband and children supported me throughout. Amway has changed our thoughts and lifestyle. Amway has provided us recognition and respect. This unique opportunity has turned our life towards prosperity in all aspects, be it, monetarily, health wise or freedom wise. Amway opportunity is tailored for all who wants to live extraordinary life with some meaning attached to it. We understood the worth of our life after being in contact with Amway. It's the ability to help others and transform their lives in a positive manner for good that draws us towards Amway even more. We could reach this level due to the help and guidance of the Almighty, our uplines and constant support of our downlines. We are proud to be a part of Amway.

If you can imagine it, you can achieve it.

We are blessed with three daughters, Fathima Nonla, Hadiya and Hauiya. I couldn't spend quality time with my family and was looking for time freedom and financial security. I was introduced to Amway opportunity by a neighbour in the year 1999. When I met successful people from different background, my confidence in Amway business got strengthened even further. We decided to work hard and build this business with dedication and devotion. Amway has made us march towards a better and contented life. Not only our lifestyle has become extraordinary but association with Amway and some intellectual people has made us better human beings. We thank God for gifting us with this wonderful opportunity that has transformed our lives for good. We are very much grateful to our entire line of sponsorship and to Amway India team. We are also thankful to our parents, who stood by us throughout our journey to this level. We are proud of our team and believe in the hard work put together by them. DOJ: 15/06/2000 | SIRUMUGAI

I am basically from an agricultural family based in a small village. Though, my parents were earning from agriculture, we were struggling financially. Even before completion of my schooling, my father passed away and our financial sufferings continued further. My sister and brother-in-law helped me to complete my ITI education. I joined an Industrial Factory and soon understood that my job would never clear my debts. So, I returned back home to continue agriculture. I started living my life like all average people do. But I always kept praying to God for better life. At that moment, one of my best friends introduced me to Amway opportunity. I had no support of my relatives but my uplines helped me to understand the potential of this business and encouraged me to build this business. As I was a bachelor at that time, my mother supported me whole heartedly. After getting married to Akila, she has become my pillar of strength. We pray that our uplines should always be blessed and our group should always be in the shelter of the Almighty.

We both are originally from Mumbai, India and now settled in Toronto, Canada. We longed for a better life and were driven to make that life happen. I worked as a travel consultant and eventually went to Canada. When you are from a middle class family, it's difficult to have hope for the future. Moving to Canada was an impossible dream but I still dreamed it. After getting married to Firdosh, a forklift technician and shipping clerk, we started working together to shape a better future for ourselves. We saw the Amway business opportunity through our best friends who live in Michigan, USA. As they introduced us to the team and all the exclusive products, we knew it was a great opportunity we had always hoped for. Our faith, desire and willingness to work gave us a truly equal opportunity. Finally, we were not limited by what we did not have; MBA degree, money or business experience. We have seen how this business changes lives, including ours.

The most attractive feature of Amway business is that it teaches you a better way of living life by helping others.

I was a businessman and my wife is a homemaker. Amway business was shown to us by a friend. We believe that even an ordinary man can move his life on a better path by working with consistency and persistence. But for this a lot of self belief and commitment is required.

Besides this, we can add values in the lives of other people by helping them to achieve success, which indeed scores over all other things.

If we are ready to work hard in a right path, achieving success in this business is not a big deal.

I am an executive and my husband is a Professor in Central University. We are blessed with a son, Sirsha. In spite of my tedious office work and my husband's busy academic schedule and social responsibilities, we are doing this awesome business whole-heartedly with the aim of "helping others help yourself". We realized from this business that success does not happen by luck, you have to earn it with hard work. Positive attitude is the secret of our journey to success.

Welcome to another session of ‘Plain Speak’. Plain Speak believes in simplifying the Rules relevant to the Amway business to enable the Amway Business Owners (ABOs) in building an ethical and sustainable business. On this journey, let us look at the ‘Zero Tolerance’ policy adopted by the Company with regards to certain significant and critical issues related to the business. A ‘Zero Tolerance’ would mean that Company will show no leniency or compassion while dealing with any ABO who is in violation of the ‘Zero Tolerance’ policy. At present, there is a ‘Zero Tolerance’ adopted for 3 issues which are:

- Selling and/or making available Amway products for sale through retail shops
- Business Support Material Policy
- Unauthorized Distributor activity in unopened markets

Let us briefly look at each one of them.

Selling and/or making available Amway products for sale through retail shops: Amway India markets its products through the direct selling channel under which the sale of products by an individual happen in a face-to-face manner with the consumer. This sale takes place away from a fixed location like a retail shop.

Increase in complaints of our products being displayed and sold from retail shops prompted us to bring this under the purview of the ‘Zero Tolerance’. Apart from violating the fundamental principle of Direct Selling, shop selling by some ABOs also distorts the level playing field provided to all ABOs to do business.

We have positioned a tracking mechanism which enables Amway to identify a product that has been picked up from a shop and track it to the ABO who has purchased that product from Amway.

Business Support Material Policy: Business Support Materials (BSM) policy covers all products and services, whether produced by an ABO or by a third party vendor, which are intended to support and assist the marketing and sale of Amway products/ services as well as the Amway

Please note that the above is only a part of the comprehensive policy. If you need more information on the above write to Archana Reuben at Amway India Enterprises, 9th floor, Tower A & B, Express Trade Towers I, Sector – 16 A, Noida – 201301 OR Email : plain_speak@amway.com

At the recently concluded Face-To-Face meetings held at Chennai, team South received the glittering AOF Rolling Trophy for the Best Region, and team Salem the Best Local Implementation Committee. It is not that AOF needed any validation, but then to receive this much deserved recognition from the hands of none other than Bill Pinckney, Chairman of AOF, must have been icing on the cake for the winning teams!

A fund raiser was held in Pune on 20th Feb, attended by more than 2000 ABOs. The evening saw celebrated personalities like Priyanka Barwe (Marathi Playback Singer), Mangesh Borgaonkar & Sayali Oak (Zee Sa Re Ga Ma Pa Finalists), Sandeep Ubale (Indian Idol Contestant) and Sandeep Lokhande (Radio Jockey -107.1 Rainbow FM

And what, precisely, did the South do in '08? Well, they held a musical nite in May in Kochi, with Sajeev Nair conjuring up mammoth crowds for supporting AOF. Another musical nite was held in Trichy in November and a series of blood donation camps across Tamil Nadu, which clinched the AOF trophy for them as a region. Till the home-bend, all eyes were on North, who were ahead at the sweepstakes. So we move on to '09 with the sure knowledge that there will be a definite strategy and plan to clinch the trophy. Good luck all, may the team with the best strategy win...

& TV anchor) come together for the musical evening to support the cause in their own special way.

In February '09, Nanchit was held in as many as 71 locations in month – a staggering amount of work to coordinate, with over 5000 children – including many from NGOs and orphanages, participating in this event. A tremendous effort by all concerned.

The evening also saw the unveiling of Amway's Project Sunrise in Pune. The proceeds from the event will be contributed towards installation of a Reverse Osmosis Water Treatment Plant for Jagriti School of Blind Girls so as to meet their immediate requirement of clean drinking water facility. This institution is a house and school for 130+ visually challenged girls.
