## **Telling** the product story

As Amway sales people you know our products and brands are original and of the highest quality. And we have a wide variety of products that people desire and want to buy - when they know about them.

It's true that many people just don't know our brands and product story. You could even say that Nutrilite and Artistry are some of the biggest and best brands the public has never heard of. It's ironic... Because, in fact, they represent a consumer story that is very easy to tell - a story we should be telling to people all over the world.

Healthy lifestyle? We've been there for decades. Green and organic? We've been there for decades. You can tell incredible product stories about our brands - and we are ready to help you focus on them like never before.

We are investing at record levels in marketing, training and advertising. There are hundreds of scientists working right now on the next generation of great products. A team of professional marketers is working around the clock to build demand. And we have the greatest product ambassadors anyone has ever seen!

Dynamic, relevant, innovative – these are the terms that will continue to describe our products and shape our story.

And is there really any competitor out there who can tell a product story like ours? No, there isn't.

And there is no one who can tell our product story better than you!

Me and my husband both are bankers. We are blessed with two lovely children. We were practically caught in the quagmire of a purposeless and mundane life with little savings, no freedom and no excitement at all. Unlike our colleagues, we were not happy and could very well imagine our future twenty years down the line, out of an unsatisfied career.

We have always been the best performers: be it our respective jobs or extra curricular activities. When Amway opportunity was introduced to my husband through one of his colleagues, we decided to give it our best shot. We were looking for a significant life full of dignity, respect and a purpose of serving others.

This business opened new horizons for us. Earlier, we hardly knew the importance of setting new goals in life. Today, even our children understand how important it is to aim in life. We now know where we are heading in life. Emerald level is not our destination but only a milestone in our ultimate journey of becoming the Crown Ambassador, which is definitely worth dreaming for.

"Emerald level is not our destination but a milestone in our ultimate journey."

Namita is a science graduate and I am a Mechanical Engineer. I was working with the petroleum majors for the last twenty years. We are blessed with a daughter Anumita and a son Eeshan, who have seen us building this business since they were quite young and have been our source of inspiration in reaching this level. It is because of them that we became independent.

Our journey to Emerald level was full of ups and downs but always exciting and challenging. Amway opportunity gave us the freedom to work independently for ourselves without anyone controlling our lives. It is beyond words to describe the kind of freedom we have been able to achieve. The talent in Namita of being a wonderful businesswoman would have never come out, had it not been for Amway. Today overseas travel, companionship of truly successful business-persons across the continents is a routine task. If one is looking for learning, then Amway opportunity provides with a highly motivated team of coaches as uplines, whose sole aim is to make you grow which is so very comforting for anyone venturing out for the first time in the business world.

"The best part about Amway is that you achieve your goal when you help others to achieve theirs'..."

I lived in a remote village and belong to a family of farmers. I was very poor in studies and failed thrice in tenth standard. I never wanted to be a farmer like my father. So I started a dairy business, but failed miserably.

I then moved to Pune to pick up a job where I realized that I was leading a life of a slave. I therefore left the job and started my own transport business. Soon I experienced the darker side of this business. I met with a fatal accident and was bed ridden for two years. It changed my life. I suffered huge losses and lost all my hard earned money. It was then when I started looking for something that could bring security in my life.

I was introduced to Amway opportunity by a friend in the year 2000 and was amazed by its potential. When I met successful people from different backgrounds, my faith increased even more. I along with my wife, Shobha, decided to work hard and build this business. We are blessed with two sons, Ajay and Karan and a daughter, Sakshi, whose love and support always inspire us.

We are grateful to our uplines for changing our lives. We are proud of our team and feel fortunate to be a part of this business.

"Talent wins games, but team work and intelligence win championship."

I belong to Irenipuram village and working as a tradesman. We are blessed with three daughters.

I came across Amway opportunity through a relative and found it to be a God's gift. Amway business has solved all my financial problems by opening the grand gate of glorious success. It has provided me with not only financial security and freedom of time, but also inculcated values and ethics within me. It's a complete package that has developed my personality and made me meet people across the world through the tours abroad.

I am thankful to God for bringing this wonderful opportunity in my life and grateful to my upline who supported, motivated and guided me throughout and because of whom I could reach this level.

Physician (H) & Homemaker (W) DOJ: 14/05/1998 | MUMBAI We practically lost everything in our traditional business and were under hefty debts when we came across Amway opportunity. We had never seen an opportunity as amazing as this. It has not only improved our lives but has also given us a new hope to look forward to. It has provided us with a brand new attitude and great perspective to look at life. It has taught us to love our lives and to live for others- making their dreams come true.

We believe that if one is looking for an ethical business that offers not only financial security, freedom of time, respectable lifestyle and a dignified life, then Amway opportunity is the only answer.

We are thankful to God, our great uplines and wonderful downlines for their unstinted support and making us reach this level.

We traveled a long way for success - a distance we measure in more than just miles.

We migrated to USA to pursue our respective Master's Degrees. We succeeded in school, got great jobs, and started down lucrative career paths. I went on to build a successful career with several Fortune 500 companies and Shalini worked various media companies in US.

I didn't like the restrictions and limitations of large companies. The long hours, travel and hard work didn't yield the level of success I wanted. So when one of my colleagues showed me Amway business plan, I just jumped at the opportunity.

We were young couple without much capital. A business backed by Amway seemed the best way to escape the stress of a traditional business. We were committed to make the business work, but it took us a while to learn self-discipline, how to work together and to stay focused.

"Ultimately, traveling that learning curve was what convinced us to take the right track." Authorised representatives of Choudhary & Associat

I am a family physician, my wife is a homemaker. Prior to joining Amway business we never believed that dreams come true. We entered Amway business by having faith on a family friend who became our sponsor. As we started working we realized that we can gain financial freedom and better future, and now we are thankful to god for bringing Amway opportunity to us. This is only due to the Amway opportunity that we can now spend quality time with our family and enjoy financial security and financial freedom.

We are also very thankful to our upline for giving us this opportunity and we also owe this success to great teamwork, we thank one and all who are part of it.

With the excellent support from Amway we will be at better position with luxurious life in future. "The most important ingredient for success is consistent and persistent effort."

When we first came across Amway business, we understood the opportunity for growth that lied in front of us and slowly realized that we can use this business as a vehicle to achieve our dreams and aspirations. We wanted to provide the best possible life to our only daughter Ansha and lead a stress-free life ourselves.

Amway has made all our dreams come true and we are visualizing a great future.

Narayanan Kumar was in the Amway Business for 2 years now. He was at the Platinum level but wanted to grow fast in the business and get to the Emerald level as soon as possible.... It was towards the end of 2nd business month of the new business year ....

Friends, I have come up with a unique plan of 'investing in the business' which will help all of us grow and achieve our dreams at a much faster pace in our business.

Narayanan: I have calculated and found that if you buy products worth Rs. 20,000 every month, I will give you Rs. 2,500 after the month-end, beside the commission that you will get from Amway !!!

The entire group was really excited at the prospect of growing at a faster pace and eagerly awaited details of the 'investment plan'.

One downline: But Sir, what will we do with products of Rs. 20,000? How will we sell them?

Narayanan: For selling products, we will hire some sales person to sell the products, you need not worry on that account. I am confident that this scheme will work , I am putting my own money behind it ...

The downlines were a little skeptical but had great respect for Narayanan and promised him that they will promote the scheme in their groups. The whole group was charged up. After the month end, Narayanan was thrilled to see the results..... There were two brand new Silvers in the group and almost all ABOs had attained higher percentage levels in the month. As promised, Narayanan gave them Rs. 2,500. Next month again the downlines worked with great enthusiasm to promote the scheme and again all ABOs got Rs. 2,500 from Narayanan. However, they were all holding stocks of products with them and awaited instructions from Narayanan on the same.

Narayanan was happy with the progress made by his team... however, he was getting a little worried as the qualifications of his new Silvers were on hold by the QVG team for validation—they wanted to have details of the customers to whom those products were sold. Narayanan was now worried and told the downlines to start selling the products any way they could.... The downlines were confused "what happened? Narayanan Sir had promised that he will arrange for selling the products and now he is asking us to sell....we can sell some products but how will we sell this volume of two months of products?"

Narayanan was increasingly questioned by his downlines on all of this and soon lost his cool "I don't know how you sell these products... leave me alone..."

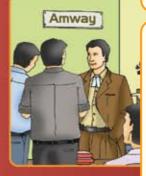

The downlines approached the nearest Amway office and gave written complaints against Narayanan. The Company investigated from its records and found that these ABOs indeed had made such huge purchases of products. They decided to accept back the products as an exception. All products that were marketable were taken back and downlines given the refund for the same. The new Silver qualifications were denied as they were attained without having a valid customer base.

The downlines felt really cheated and spoke to their upline Emerald Subramaniam who was shocked at knowing about this

#### What ??

This is not how you build the Amway business.... You cannot have sales representatives going door to door selling products.... And why did you buy products for such big amounts just like that? Buying products without any customers is really inventory holding which is not allowed by the Company. You should give a formal complaint telling the entire truth to the Company and leave the rest to them..."

Narayanan was called to the office for a meeting:

Amway official: "Mr. Narayanan, is it true that you were behind running this scheme?"

Narayanan knew that he had no option but to accept his mistake: "Yes Sir, I thought I would be able to bring in excitement in my group and people will be motivated to increase business and we all will be able to grow fast in the business..."

Amway official: "Mr. Narayanan, you did not choose the right way of growing in the business.... You have misused your position as an upline and guided your group to get into activities which are not allowed by the Company. You have to take the responsibility of this unethical activity...."

Amway took back all products and based on the product returns, all volume benefit that had gone to the uplines was also reversed. Many uplines including Narayanan as well as Subramaniam lost their precious qualification months. For misguiding and indulging in unethical way of building the business, Narayanan was suspended from the business for 6 months. His dream of achieving the Emerald level was shattered and he faced a lot of humiliation from his group who had lost trust on the upline who they once used to look up to.

# AOF Red-letter day for ABOs

When a Chief Minister of a state is involved with the inauguration of a project, surely that is a red-letter day ABOs and other **Amway** foundation volunteers! That is exactly what happened in Dehradun when Gen B.C Khanduri flagged-off the 'AOF Rotary Ambulance'. This ambulance will provide round-the-clock services for the needy, and is attached to the Combined Medical Institute Hospital. Amway distributors of Dehradun played an instrumental role in raising funds for the van.

Two blood donation camps were organized at Agra and Ghaziabad respectively, which saw AOF volunteers - distributors and Amway staff - roll up their sleeves and do their bit for society. The series of eye camps being held in Delhi continue with over 1000 persons availing this free facility, jointly organized by AOF and Mahavir International. Till date, close to 7,000 persons have been checked at these eye camps, around 2,000 have been given spectacles free of cost and 285 cataract surgeries have been carried out.

Moving southwards, 12 wheel chairs were donated to the mentally challenged children of Nirmala Shishu Bhavan, Vijayawada. This donation came about from the funds raised earlier by Amway distributors of that city.

On the occasion of Amway's 10th Anniversary, Amway distributors and staff made it a special day for the children from Antarjyoti Netraheen Balika (Blind school for girls where we had earlier donated computers) and Bal Sakha (an orphanage), in Patna. A similar function took place at Ranchi with the children of Mookbadhir Vidhyalaya (a school for the Deaf and dumb). Donations of uniforms and other necessities were made at Godda, in Bihar.

In Kolkata, AOF has pledged to take the education costs for 50 children

attached with the NGO Pathchala, for the period of one year. Here too, the children put up a small cultural function at the Amway regional office, and we had Agnimitra Paul – a city-based fashion designer and Anindo Chattopadhyay – lead singer of the group, Chandrabindu, gracing the occasion. These children are from BPL families belonging to the Kalighat area of the City of Joy.

The AOF committee of Panjim, Goa, has undertaken to meet the therapy and special education cost at Disha, a school for special children, for a period of three years. This too, is part of Amway's 10th Anniversary. More such plans are underway across the country and we will update you very soon.
