Amway. A Blueprint For Freedom

My life prior to the Amway business was long hours for little return, with a lot of stress working as an engineer. When I heard about Amway, I was rather skeptical – professionals don't sell soap! It was only when I met some very successful Distributors at a rally in Australia that I got excited about the potential of the business. I saw the bigger picture immediately. I then made a decision to get moving 'just in case it actually worked out for me.' I knew that if I was going to get good at something, I might as well get good at something that will give me freedom.

Having come from a professional background, where stress is an integral part of everyday life, I appreciate the way Amway works. It offers us a positive and stress-free environment, with the potential of gaining the lifestyle and income we want without having to sacrifice quality time with loved ones. I always wanted to travel, wake up at my leisure, have a fulfilling career, lots of friends and be debt-free. Instead, I was always broke and had no time.

Coming from a technical background, I was not very comfortable dealing with people. However, I had to learn to take the focus off myself and help other people fulfill their potential. I learnt to be self-accountable and develop the right attitude. Anyone can win the race to success if they'll just persist and do whatever it takes. In traditional employment, if you fail you're fired. In Amway, there are no failures, only people who quit. What makes the business seem difficult is that it is a mental battle more than physical hard work. You can look at this business as a 2-5 year business course that will lead you to personal growth and a great lifestyle.

People can build the business at their own pace. Having faith and staying focused for 2-5 years can bring great results, after all anything less than 40 years is a bonus. The price to pay is small, it's so worth it!

Today, my husband and I are full-time parents to our 21-month-old daughter and we enjoy every bit of her development. She will grow up knowing that both parents will be there anytime she needs them. We are also very pleased about bringing up our children in an 'Amway home' because the principles espoused by the Amway business are being demonstrated to the children on good path-forming habits that will stay with them throughout their lives.

One of our dreams was to spend as much time as we wanted with our family and this business has provided us with the freedom to do just that. These days we enjoy the luxury of visiting family during the weekdays. We tell people not to be afraid to be different, rather be afraid to be mediocre.

There is nothing wrong with working in a job, except that this business also comes with income that can be willed to your children or a trust fund. We see this business going into the 21st century even stronger than it is now. The product base is more exciting than it's ever been; the business, both at the corporate and distributor levels, is more professional; and there's no question this will be the business to be in for life.

We can all build a successful Amway business

Having come from poor families, Agnes and I learnt to be independent at a young age. We had always dreamed of a life of independence but never thought it possible. Before we joined Amway, I had been an architectural draftsman for 21 years while Agnes worked as a trade assistant for 10 years, and later a kindergarten teacher for 2 years. We had heard of Amway back in 1978 when it was still new in Malaysia, but didn't grasp at the opportunity as it seemed too good to be true.

It was a lipstick – ARTISTRY* Burnt Sugar Lip Colour – that got us involved in the Amway business. Agnes loved this lipstick so much that she would go through great lengths to get it. Finally, we asked a friend to sponsor us as Distributors without even seeing the Sales and Marketing Plan. That was 17 years ago. At that time our daughter Adeline was only four years old, and our son Able was two. All we hoped was to earn a few hundred ringgit more to help supplement our income.

Things were tough initially, but with a positive attitude, perseverance, a teachable spirit, and by attending meetings, we overcame the challenges that came our way. When we achieved 9%, we started conducting our own meetings. Thankfully, our uplines never 'spoon-fed' us. Or we'd never have learnt so much and achieved what we have today. 'No pain, no gain,' 'No guts, no glory,' and 'God helps those who help themselves.' We lived out these maxims in our business. Through it all – the many difficulties, challenges and setbacks – we have learnt so much and in retrospect, enjoyed ourselves. That's why we are full-time in the business today. We will always be grateful to Diamond Direct Distributors Francis & Vivien Rajah and our sponsors Margaret and the late James Chin.

We qualified as Direct Distributors in 8 months,

AMAGRAM 7 December 1998

and in 1984 we qualified for our first Amway Leadership Seminar to Hong Kong. Since then, we have never missed a Leadership Seminar. When we became Emerald Direct Distributors in 1989, we began building our Diamond home instead of our Diamondship. We were very comfortable with what we had. But in fiscal year 1996/97, we saw many Distributors moving up to higher levels and our comfort zone no longer seemed comfortable. "If they can do it, why can't we?" we thought. Also, we needed extra money to send our children abroad to further their studies. At the same time, we had to pay off someone's debt.

Fortunately, the Amway 'helping and sharing' attitude and the renowned 'working together for a better tomorrow,' motto were deeply ingrained in us, so we worked hard and smart. We conducted product training and organised 'opportunity meetings' and 'moving-up seminars.' With the strong cooperation from our business partners, we are headed towards a brighter future.

Our sincere thanks go to all our upline, sideline and downline business partners, especially those from P.I.A. Centre, and also to the Amway corporate management and staff for their wonderful teamwork, encouragement and cooperation. Without everyone of you, we'd never have made it to Diamond! Thank you all very much and God bless.

We have managed to achieve Diamond despite many challenges as well as the economic downturn. If we can do it, we know you can, too! See you at the top.

Enthusiasm, determination and perseverance are the keys to success

Amway is indeed a wonderful, viable business! We can attest to this because we have had experience with other direct selling companies. In addition to having operated two direct-selling companies for 15 years and being involved in a business dealing in imported cookware from Italy and Germany, we've tried selling insurance and investing in the stock market. Despite all these endeavours, we never found the financial security and freedom that we yearned.

It was in April 1994 that we met our sponsors Emerald Direct Distributors Cheong Kwee Fatt & Kim Mooi. After they shared their experience with us, Robert decided to sign up. However, I was still hesitant because we had joined Amway before back in 1986 and resigned after 3 months. We would like to thank Emerald Direct Distributors Wong Kam Waing & Kuew Tieng for helping us see the value of the business.

A month later, we decided to go full-time and started with the basics of 3S + M, namely selling, sponsoring, servicing customers and attending meetings. Within four years, we qualified as Diamond Direct Distributors. Those years weren't easy. They were fraught with challenges and discouragement. For instance, our sponsors left for China shortly after we joined, so we were left without

our direct upline. Determined to succeed, we continued conducting meetings and training sessions.

To date, we have been invited to four Amway Leadership Seminars, namely to Las Vegas, Hawaii, Gold Coast and Los Angeles/Ada this year. We would like to share with you our motto for our Amway business: "Maintain a high level of enthusiasm for the business, be determined to achieve your goals and never be discouraged by challenges."

We take this opportunity to thank the leaders and Distributors of Team Power International for their cooperation and support. Our deepest appreciation go to our sponsors Emerald Direct Distributors Cheong Kwee Fatt & Kim Mooi, and upline Executive Diamond Direct Distributors Siew Fang & Celia Wong. To all the Diamonds and other leaders who have helped and so generously shared their experiences with us, thank you very much. You will always have a special place in our hearts. See you at the top!

In addition to our Amway business, we have two other businesses, a tailoring business and a business selling Chinese incense. We are absolutely convinced that the Amway business can give us the kind of life we want and offers financial security, thus we make it a point to allocate time to build the business despite our busy schedules. We know it will be worth the effort in the end.

We have gained far more than what we've expected from our Amway business. Besides the extra income, we have come to know a wonderful group of friends and have had the opportunity to travel to Taiwan, Australia, the US and other tourist attractions, both local and overseas. All fully-sponsored by Amway. And, we looking forward to more trips in the future.

Thank you, Emerald Direct Distributors Thien Kok Liang & Fong Kiam for sponsoring us into Amway! Also, Diamond Direct Distributors Ang

Kee Leong & Chow Kue for your guidance, the leaders of 3S Crown Centre for your support and encouragement, and all the Distributors in our group for your cooperation. Not forgetting, Double Diamond Direct Distributors Chan Koon Tin & Alice, who helped us build a strong business foundation and gave us confidence 10 years ago. Without the assistance you have all given us, we'd never have achieved what we have today.

Be willing to learn and work hard, and you will see success. Trying your best is not enough. You must have a dream, then go all out to achieve it.

We joined Amway in 1994 to oblige my sister-in-law. I was then a businessman while Chen Tow was a housewife. Having rejected my sister-in-law's invitations to attend Amway meetings several times, we finally gave in and accompanied her to an Amway meeting in March 1995. The friendliness and enthusiasm of the Amway Distributors there surprised me, and Chen Tow and I decided to find out more about this business. What made Amway Distributors so positive compared to the people we met outside? We wanted to know more and make more friends such as these. Soon, we became interested to develop our Amway business. Though there were many challenges at first, we continued to work hard. We believed that Amway could help us build a better life. We could learn new skills and meet new people. The business gave us an opportunity to help our friends and relatives improve their lives. These are the reasons why we have chosen Amway as our career for life.

We became Direct Distributors in June 1996, Pearl Direct Distributors in March 1997 and

Emerald Direct Distributors in April 1998. Our four children have been very supportive. Our eldest daughter Lee Yuen Charn and our eldest son Lee Heng Shieh are both Direct Distributors. Our younger son Lee Yet Shean is an Amway Distributor while our younger daughter Lee Yuen Jar has just celebrated her 18th birthday and has not yet joined the business.

Though our group comprises Distributors from all over the country, we take the effort to meet and keep in touch with one another, sharing experiences and encouraging one other. Thus, there is a strong bond amongst us. 'Unity is strength.' We enjoy mixing with the Distributors in our group. They make us feel young and we are thankful for their friendship.

We would like to thank our uplines Pearl Direct Distributors Gan Yok Lee & Chen Tow, Diamond Direct Distributors Robert Yap Kim Choo & Lily Yee, and all the leaders of Team Power for their support and guidance. If we can do it, we believe that you can, too!

An Emerald Direct Distributor has personally, internationally or foster sponsored three groups, each of which qualifies at the maximum Performance bonus level for at least six months of a fiscal year.

Kong Yin Khoo & Yoke Fong

Initially, it was the products that attracted me to Amway. Then, as I got to know more Amway Distributors and about the Marketing Plan, I became motivated to build a business of my own. My strongest supporters are my husband and our three children. They, together with my supportive multiracial group of Distributors, are the reasons for my success today.

The Amway business has brought freedom to my life. I am well-rewarded for the effort I put in and I no longer need to worry about paying for my children's education abroad. Truly, 'it is in giving that we receive.'

Let us break away from our 'comfort zone' and develop our potential to the fullest. When a goal is set, achieve it! Don't allow challenges to stop you. If we continue to sell, sponsor, service and attend meetings, we will surely realise our dreams.

I would like to thank Amway Corporation and the staff of Amway Malaysia for their support. Also my sponsors, my uplines, Executive Diamond Direct Distributors M K & Swee Chan Kong, and the leaders of other organisations for their encouragement and guidance. See you at the top!

Kuala Lumpur
Yap Ah Hing & Phaik Har
Chan Mooi

I was a housewife when Pearl Direct Distributor Chan Mooi sponsored me into Amway. At first, my husband was opposed to it as he felt that Amway was merely a door-to-door business. Now, he understands what it is all about and gives me his full support. I enjoy introducing Amway to prospects and telling my customers about the 100% satisfaction guarantee that comes with every Amway product. Usually, I am able to get product orders over a cup of tea or when I go marketing. Through selling or sponsoring, I am able to help my friends improve their lives. I find this very fulfilling indeed.

As a housewife, I am happy that I can earn an income to help out with the family finances. Another welcomed reward is to be able to go on fully-sponsored trips abroad. It was a proud moment for my husband and I when we went on stage to receive our Emerald pin before a crowd of 3000 at an Amway Recognition Meeting.

We would like to thank Triple Diamond Direct Distributors Lee Kim Soon & Kwee Choo for their guidance. They taught us to appreciate others, to help ourselves and to help others lead fuller lives. We are grateful to all our friends, our mentor, and to SoonYe Centre where everyone is so positive, caring and full of hope. Thank you, Rich and Jay for creating this wonderful business opportunity, and the staff of Amway Malaysia for your support. Our congratulations to all the leaders in our group who have reached greater heights in their business. Finally, we'd like to thank all our friends who have helped us in one way or another. Thank you all!

Mohd Razikin & Rohaini
Mohd Aris Akib & Noraya Hamid

Even though we had signed up as Distributors, Rohaini was always busy with her role as a housewife while my job as a production executive and my involvement in politics kept me very busy. Thus, we never had the time to set goals or even think much about our Amway business. We only realised its true potential a year after signing up. And ever since then, our lives have changed tremendously.

Nowadays, we plan our business carefully and set goals to ensure the success of our organisation, R&R Teamwork. We are proud to say that we have qualified for the Leadership Seminar to Los Angeles and to Ada, Michigan.

I resigned from my job 9 months after we made the decision to build our Amway business. It felt wonderful to be free from the shackles of 'office hours'. We love this life of freedom that we have today. The Amway business has also brought us

closer as a family. Our children, Diana (18), Lilyana (14), Marina (12), Mohd Azroy (11) and Mohd Azizy (6) are our inspiration to build the business.

Our sincere thanks go to our sponsors Diamond Direct Distributors Mohd Aris Akib & Noraya Hamid and to Abdul Jalil & Maznah for introducing us to this golden opportunity. Not forgetting, the staff of Amway Malaysia, all the leaders at Hanis Associates, Gerak Intan Bersatu and Impian Network who have guided us; and to all the Distributors in our group, R&R Teamwork. Special thanks go to Direct Distributors Shamsudin & Noraidah, Direct Distributors Ahmad Zam Zam & Noor Aini, Mohd Sarif & Sujana, So Ap & Rosliza, and Hilalul Kamal & Siti Noraini for all their help and cooperation.

We can do anything if we believe in ourselves and set goals. There's a solution to every problem.

Bandar Seri Begawan

Muhd Azri & Rahimah
Bahrin Abdullah & Dyg Zauyah

It was my godbrother who sponsored us into Amway in August 1995. Having seen the potential of the business, we attended meetings and seminars, were vigilant in servicing our customers and enthusiastically supported Distributor functions organised by Amway until we attained success. We achieved Silver Producer level in September 1997, Gold Producer in November 1997, and became Direct Distributors and Pearl Direct Distributors simultaneously in March 1998.

Amway is still a part-time business for us. We make it a point to spend about 2 hours everyday after work and take full advantage of public holidays to grow our business. There's so much to be gained from an Amway business: a good supplementary income, friendship, closer family ties and being able to offer others an opportunity to help themselves. We share Amway to as many people as we can so that they, too, may have the kind of life we are enjoying.

We have 5 children, a boy and 4 girls: Azauddin (13), Nur Ainaa (10), Nur Azeema (8), Nur Aneesa (7), and Nur Azeza (3). All our children use Amway products and are very supportive of us.

We plan to expand our business overseas. Meanwhile, we will continue to work closely and guide our downlines so that the entire group achieves success. Keep an open heart and mind, and be realistic. Remember that every difficulty or challenge that you face will eventually bring its rewards. Our goal now is to achieve Diamond by the year 2000.

We would like to thank the staff of Amway for their support. Also, Diamond Direct Distributors William Kong & Siew Mee, Emerald Direct Distributors Richard Pau Su King & Sally Siew Yin, and Direct Distributors Bahrin Abdullah & Dyg Zauyah for their guidance, support and advice. Congratulations to all the leaders in TSC for your success.

Before we joined Amway, we ran a sundry shop and a wholesale business in anchovies. Though the businesses were profitable, we were constantly harassed by business problems, especially debt collection.

One day, out of concern for my daughter, I accompanied her to an Amway meeting. It changed my life. I saw the uniqueness of the Amway business: it was risk-free, had great potential, it offered freedom and financial security, and it could be handed down to our heirs. As it seemed more attractive than the business we were in, we decided to sign up. We enjoyed attending meetings as a family as well as the learning process that came with building the business. Our uplines were always there to guide us and sometimes, we had to work late hours. In time, our income increased and we were invited for fully sponsored trips abroad.

Through Amway, we have come to know a wonderful and caring group of friends. We value

their friendship greatly. We would like to thank our sponsors Lim Guan Huat & Sew Cho, upline Wong Kum Loon & Mee Kien, Pearl Direct Distributors Goh Tin Soon & Peggy, and Emerald Direct Distributors Ng Tiam Ming & Meng Huey for their guidance and encouragement. Also, Triple Diamond Direct Distributors Lee Kim Soon & Kwee Choo and Pearl Direct Distributors Lim Kon Hon & Kam Thye for their concern, and the leaders of SoonYe Centre for their cooperation and encouragement. Last but not least, the staff of Amway Malaysia for their support. We would like to take this opportunity to congratulate the Distributors in our group who have achieved success and growth in their business.

Amway is a business that not only benefits you, but helps you help others. If you are persistent, success will be yours.
