Giving back helps everyone succeed

Doug DeVos

President & Chief Operating
Officer Amway Corporation

Steve Van Andel

Chairman
Amway Corporation

Sharing is a cornerstone of this business. By sharing our knowledge and insight, we inspire others to succeed in this business. Because being a part of Amway means giving back, and finding time to help others along the way.

Leaders in this business know that they achieve success only when everyone else around them succeeds. And helping others achieve their goals is more than a business approach. It's really a way of life.

This is something we all understand. We are ready to lend a hand, and give generously in times of need, all over the world.

When there is a disaster, our people and our products arrive quickly at the scene, helping wherever needed. And through our One by One program we make a lasting difference by helping children and their families, giving them the basics they need to stay healthy and thrive.

We are proud of your actions and the work you put into helping people live better lives.

The most rewarding thing we can do is help others succeed, and help them discover the rewards of owning their own Amway business.

Kiriti & Saswati Dasgupta

Authorised representatives of WIN WIN MARKETING PVT LTD
Electrical Engineer (H) & Software Engineer (W)
DOJ: 21/04/1998 | KOLKATA

We are both Computer Engineers and we pursued our Masters' degrees from the United States of America.

Sumeet has bachelors in computers from IIT, and I got bachelor's in Electrical Engineering from Kiev. In fact, we met each other while studying in the United States. We both went there to fulfil our dreams of having a prosperous, stress free life with no place for any worry. But soon into our careers, we realized that our job as computer consultants was taking us away from each other day by day. The hectic schedules, no time to spend with each other and the pressure from work made us tense.

I was introduced to the Amway business by a co-worker. After analyzing this opportunity, I was convinced that this was the only business that could provide what both of us were looking for in our life. Sumeet took some time to come along, but after checking the credentials of the Amway Corporation and looking at the profile of top achievers in this business he too got convinced.

While building this business along the way, we also discovered that this was the only business that could provide valuable things like loving and caring friends, unique teachings & ethical values, association of like minded people and beautiful relationships for a lifetime. All this not only helped us in achieving success but also moulded us into a more responsible and better human being. Facing challenges together and supporting each other, God only knows when we reached this level. When we look back, we find our journey to be the most satisfying one because we were together and working toward our dreams and other's dreams as well. We had a responsibility; to bring all our associates and team mates to the level we were reaching and we are proud that we could, in some way or the other, by bringing joy of achievement in their lives.

Today, thanks to the Amway business we are able to live in India, as well as spend considerable time of the year with our families in Ukraine and the United States.

I did my Masters in Computer applications and use to work as a Software Engineer in a Public Sector. My husband Kiriti is an Electrical Engineer by qualification and use to work as a Production Manager for a renowned MNC.

Though, both of us were professionally successful with handsome pay packages and bright career ahead, still we always dreamt of doing some business. Especially when my daughter Risha was born, I really started dreaming of such a profession where I can make an impactful career as well as I can be a flexible mother. We thought about lots of business options but all of them demanded huge investments of capital and time. We could still think about money but we didn't have time. In April, 1998 while I was somehow balancing my life between my profession and family, one of my colleagues approached me with Amway business opportunity. We saw the plan and it was conviction at first sight and immediately decided to join. Before seeing the business plan I had wrong ideas about Financial Freedom, Future Security etc. The first time in my life I could understand that my 18 years of study and 10 years career will not pay me anything if I am not able to perform.

We both were engrossed deeply in our respective professions, still we somehow managed time. And I really believe that this is the only business, people can build with a proper team work and planning; no one has to do lot of things individually. But the most important thing which as an individual we need is a strong burning desire. This business gives us 'Freedom of Choice'. My first and foremost dream in building this business was to become a flexible mother and for that, I achieved that level in the business that I could leave my job and after a few months even Kiriti made himself free from his job. Whatever we postponed or sacrificed for building the business are being earned now in many folds. Today we enjoy lifestyle with plenty of quality time, secured earning, luxury car, well decorated house, foreign trips, real friends and much more.

We always thank Amway for giving us this wonderful opportunity and empowering us for changing so many lives as well as touching so many hearts.

Bimal & Vinita Jain

Authorised representatives of V & B INTERNATIONAL

Banker (H) & Executive (W)

DOJ: 22/12/1999 | LUDHIANA

I was a manager in Punjab National Bank, having 21 years of experience and my wife Vanita Jain, who is a Masters in Sociology, was working in F.C.I. I was in international banking dealing with big exporters and importers who had business all over the globe. I hold many academic degrees such as M.Sc., LLB, CA, IIB, DIM and also hold a private Pilot's license.

Perhaps by the virtue of my good career, I was pushing away the great Amway opportunity whenever someone tried to show it to me. But by grace of God I was called in a seminar. A banker couple from Canada was the speaker. Before the presentation I had questions about Amway, but after their great speech I had no question left. I made up my mind then and there to build the Amway business. There was no stopping after that. We changed our pins every month and were Silver Producer in 9 months. In fact we took the business very seriously and build it with a sense of urgency. We didn't take the business lightly. Although we faced many tough times in business but with a strong "will" to succeed we continuously changed our pins because we knew that "tough times do not last but tough people do". After Platinum level our lifestyle also started changing.

Amway does not give you money alone but also offers a complete life package and a unique combination of time to enjoy with your near and dear ones, foreign trips every year, respect, recognition, fame, positive association, personality development, public speaking, tension free life, peace of mind, source of income and social security.

Freedom from job and freedom from boss is awesome. Freedom does not carry a price tag. We are free since last 7 years and are enjoying every moment of life. Earlier we were under the impression that we were living a good life, but now we have seen both sides of the coin i.e. 21 years of bank service and 9 years in Amway business. Now we can say with authority that rewards in Amway business far outweigh rewards in traditional job, profession or any other business.

I dedicate my success to my parents, who always wanted to see me as a great person which I could not become despite my lot of hard work. I also owe my success to Amway Corporation, my uplines, my very hard working wife who helped me turn every stone into a milestone and our three very intelligent and obedient children.

Unfortunately many people choose to pay a greater price for failure rather than paying lesser price for success due to lack of vision.

Now we have become Diamonds and are free; but not to rust out our bodies by sitting idle, we are working hard to reach Crown Ambassador level. We are committed to help all our downlines, who are serious to accomplish their dreams like us and are willing to pay the price by working hard.

"Do not allow anyone to steal your dreams."..

Civil Engineer (H) & School Teacher (W)

DOJ: 22/12/2000 | NEYVELI

I was working as a government school teacher and my husband is a Civil Engineer with an M.B.A. degree, working for a Public Sector Enterprise. We are blessed with two children, daughter Janani, who is 14 years old and son Balapraksh, who is 11 years old.

We got introduced to this amazing Amway business opportunity in December 2000 through our friend. We decided to go for the business with the faith we had on friendship, even though we possessed no business background.

After entering into Amway business, we understood of the quality of products and the fullest potential of the opportunity. In spite of our family commitments and job, we gave priority to this business as a daily routine as we were really impressed with the ethics and morals attached to it. We wanted to grow with it and along with us we desired to make our team grow. We took responsibility and became Silver Producer by February 2002.

After understanding the growth possibilities, we moved on to Platinum level and also achieved Founders pin by 2004. We got benefitted by Amway Leadership Seminar trips to Singapore, Bintan, Malaysia, Europe by Cruise, China and Phuket. We took a strong decision to move up to next level, worked consistently and became brand new Emeralds by May 2008.

I decided to quit my job and now I am a full time Amway Leader. Immediately after our Emerald ship, with the grace of God, our team got momentum to move up furthermore to work together with firm commitment. We believe nothing is a substitute to success and this journey is very enjoyable. We believe and submit to the principle of Lord. For us **LORD** means **Leadership, Ownership, Relationship and Diamondship**.

Anyone who is willing to listen, learn, associate, work and help people can succeed in this business. We believe that this will work for anyone, anywhere, anytime and to any heights of success, if there is an internal motivation clubbed with emotional decision. We understand that Amway business opportunity is designed for people with total innocence, broad mind and helping tendency.

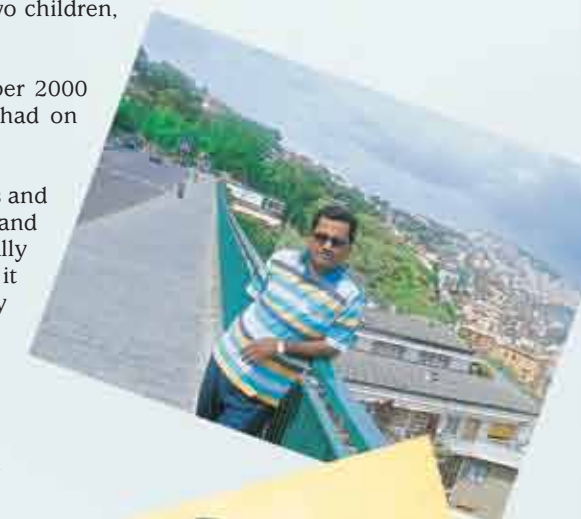

In the process of our success, we feel the real work is transferring the knowledge and hope to people. The key elements of Amway opportunity is high quality products, cost effectiveness and association of like minded people.

We strongly feel that this business is a powerful package, which gives financial peace of mind, time freedom, security, worldwide friendship, personal development and enhances our values.

We realize are that six mantras for success and growth in Amway

- 1) Dissatisfaction of present level
- 2) Emotional decision & initiative
- 3) Not looking back
- 4) Breaking the logics
- 5) Long term vision
- 6) Play full till the end of the game.

We thank wholeheartedly to Amway India and all our associates who are helping us to make more lights in many homes through this wonderful business opportunity.

I am a homemaker and my husband was an Executive. We are blessed with a lovely son, Sounak. Both of us come from middle-class family and had lots of dreams to fulfil in life. What was missing was the right opportunity to sail us through. Initially my husband saw this Amway business opportunity. I knew nothing about it and was very conservative about any business. My husband was very much committed to do Amway business and convinced me too. Gradually I started using its products and found them very impressive and cost effective. Within few months, we started building it very enthusiastically. We believe that success starts when we started helping people who have faith in us and our abilities. In this journey we got tremendous support of our sons and entire family. We are thankful to the leaders of our team and to the awesome mentorship, guidance and support of our entire upline. We are also thankful to Amway for constant support and great variety of excellent products. It has given us immense pleasure as we impact many lives through different positive ways to help them in changing their lives.

Everything is possible in this world. It is all about how you think and how strong is your enthusiasm for achieving dream.

Arun & Meena Mitkari

Ex-Quality Controller (H) & Ex-Purchase Officer (W)
DOJ: 25/04/1998 | PUNE

We both are from engineering background working in the same organization. I worked as Quality Controller and Meena worked as Purchase Officer. We belong to an average middle class family having extraordinary dreams. We are blessed with two daughters, Mrunalini, who is 14 years old and Trupti, who is 7 years old. Initially we joined this business for quality products which we found awesome. When we attended the product training sessions we understood the business potential and started working to earn a bare minimum amount on part time basis. Initially, Meena was not active in this business but the moment she got involved and start helping me, business grew big time. Team work is the essence of this business and there is no doubt that to reach this level we required lot of support from our family, friends and our team, which we were never short of. It's the blessings of God and all our well wishers that we could reach this stage in life today. Health, wealth, happiness, recognition and financial security are what we have achieved through this business. We are very thankful to God, our uplines and great committed team, Amway staff, all our family members and neighbours.

Guruprakash Iyer & Fatima A Tinwala

Marketing Professional (Both)
DOJ: 30/09/2000 | NAVI MUMBAI

We joined Amway because we could not say no to our friend who introduced us to Amway business. Initially, we were not serious about the business but little more research changed our perception and seriousness about it completely. We realized that this was a powerful vehicle to help us develop and can serve as an option to our stressful jobs. Performance, appraisals or bosses could no longer rule our performance or financial security. We were prepared to pay a price to get a great life and relentlessly work the business to achieve our goal. We are really thankful to God for providing us with the wisdom to understand this great business opportunity and work towards it with dedication. Through this outstanding business we enjoy seeing people's lives change, watching them grow and become more confident and helping them become the best they can be. This business has also helped us to build a strong relationship together as a couple and as a family. The kind of rewards this business opportunity has showered upon us for putting in our best efforts is indeed not possible anywhere else. We feel proud to be a part of Amway opportunity today.

The effort required to become successful or mediocre is the same. The only difference is the way you think.

Shamala & Subramanian Krishnan

Ex-Aviation Officer (W) & Management Consultant (H)
DOJ: 06/05/1998 | CHENNAI

Both of us were busy in our own careers as a General Manager in a multinational and as an Aviation Officer in a oil major when the Amway business was shown to us. We thought we were quite successful in our lives and settled but never realized that we were going in different directions without a clear purpose. This business opportunity opened our eyes to define our future and define our purpose in life. The invaluable opportunity helped us understand success principles involved in our goal achievement process. By being consistent in our actions and persistent with our goals, we were able to transfer our belief to our team. Team work, team support and team spirit are the secret for growth in this business. This opportunity gave us more family time together and helped us to become professionally free. No one controls us now and we are free to decide our calendar. Unstinted support of family members, especially our children, enabled us progress faster. Building the Amway business is positive responsibility since we are changing lots of lives for better as we grow in this business. Life was never so beautiful prior to our joining this business.

Amway has given a new direction and a new contour to our lives, which we are proud of!!!

DOJ: 24/05/2000 | AGRA

We were both student when we saw the business. We come from a middle class family which inculcated strong ethics and values in us. This was the reason why we got immensely attracted to Amway, when we saw how ethical business it is. The moment we entered Amway business, our lives transformed for good and now both of us are entrepreneurs. We are proud of our decision of joining Amway. It has provided us with an opportunity to spend time with each other and our 2 year old daughter, Harshika.

Amway business is God's gift to us and all the credit of our success goes to our uplines and strong team. Due to our faith in our uplines and consistent effort on our side, we now lead a life with freedom of time and financial security. Today, because of this business, we impact many lives in a positive way and became instrumental in changing their lives.

Also qualified as Sapphire.

Dhawal & Chitra Shringarputale

Engineer (H) & Homemaker (W)

DOJ: 30/08/2001 | PUNE

Having been in the IT, Dhawal started realizing that we have no control on our life. Job was controlling how much time he spent with us and how many days to fall sick, apart from a continuous flow of tensions. I was looking for self identity and something in which we could both work together. I wanted to come out of the image of a homemaker, to make an identity for myself. I tried my hands by starting some small traditional business and realized that it was not my cup of tea.

When Amway came our way, we took a long time to understand the full potential of this business. It took us time to realize the depth of the opportunity. We were in UK when we saw the real potential of the business and decided to build it strongly. Shortly after joining we had to move back to India since Dhawal's project there was over. Initially we decided to go back to UK as we thought this business will have more potential there than in India but we were stupefied. We decided to stay here and build it big. We are now realizing it is a superb career and are very excited to develop it full time!

We have got unbelievable international travel in style. In fact we are now enjoying every bit of our life.

We have now got total control over our life.

Working for someone else was a nightmare for me and so I was in a time and money trap. I wanted to do something that could give me more time at hand and provide financial security for a lifetime. I always wanted to be independent and Amway business made it possible. Only an opportunity with a low startup cost was best suited for me as an MBA student. Thus I grabbed it immediately with great pleasure.

If you can believe in your uplines and have the capability of working with persistent efforts there can never be any kind of looking back in this business. The moment we started doing the same, there was no milestone that we could not achieve. We want to move ahead to make our family and our team proud of us. Today I have everything possible which I feel proud of. Our hard work is reaping and the fruits of success are certainly sweet. International trips and leading a financially independent life are Sharvari's driving forces in building this business. We are building this business with our 3yr old daughter, Shreeya.

It is a great feeling to reach this level and we are working to move ahead.

Though I am a graduate, my activities were restricted to running the home. The Amway business was introduced to me by one of my relatives a few years ago. In the initial days I was using a few selected products and had no idea of potential of this business. After few months of joining the business, I attended detailed product training sessions with Amway and understood the power of quality products, which encouraged me to develop this business, after which there was no looking back. I first qualified Platinum and enjoyed Platinum Forum. My first ALS trip was to Malaysia that was our memorable first visit outside India. We are blessed with two sons, Meet and Smit who supported me a lot in building this business. Today they are very different from average children, very positive and excited. I can see the future of both of them very bright because of Amway business. I thank our parents for teaching us the values of honesty & courage and for motivating me to do something more in life. I am thankful to my great line of sponsorship for mentoring me at each stage of this business.

When I joined the Amway business way back in 1999, it was more to keep myself occupied by using and sharing some World Class Products and making a lot of new friends who would make me feel as young and as energetic as them. Little had I realized the potential and magnitude of the Amway business at that point of time! But through consistence and perseverance in attending business meetings and trainings conducted by Amway, usage of each and every Amway interaction with uplines and downlines, I have achieved such great success in this business that has made me eligible to attend the Amway Leadership Seminars in foreign countries, a dream that I had always cherished in my heart, never believing that it would come true some day! We were both from the service background with a small traditional business. We are blessed with two sons, Kiwi and Sammon and a sweet daughter, Sam-i-naki, who are our real motivators. We joined the Amway business just to please our friend. But one year after joining Amway, God made us realize its huge potential. I am a big dreamer and always dreamt for time and money freedom. I quit my job and decided to build this business to design our new life, while my wife was still in service. We are very thankful to our team members.

CELEBRATING 50 YEARS OF AMWAY

*The group photograph does not feature all Indian Leaders who qualified to participate in the 50th Anniversary Celebrations.

All qualified Diamonds & above from across the globe got together to be part of this celebration. The sequence of events was:

Qualified Executive Diamonds (& above) from across the globe were invited to Amway's Global Headquarter Grand Rapids - A Place from where it all started!

Private Charter Aircrafts were used to transfer EDCs & above from different parts in the US to Grand Rapids.

The key highlights of events were:

- Health & Beauty Assessments at Artistry Beauty Institute
- Founders Council (FC) members session with Doug DeVos and Steve Van Andel
- Business Session with Rich DeVos, Doug DeVos and Steve Van Andel
- Welcome Party for Founders Council and EDCs.
- Very Exclusive fireworks to mark the celebration
- Entertainment – private concert with Wynton Marsalis, LeAnn Rimes and Sting

At the end of the event, EDCs & above were transferred to Las Vegas (Destination for Global Diamond Invitational) through Private Charter Aircrafts.

This is what Doug & Steve had to say about the event: "All of you, no matter where you're from, play an important role in this celebration. You are the reason we are here today. You are the reason we have grown for 50 years. And you are the reason our future looks bright."

Las Vegas – a place that hosted the Global Diamond Invitational – more than 3700 Diamonds & above attended the celebration.

Key highlights were:

- Experience Amway – Global Amway Brand and Product Experience
- Leisure activities
- Business Session with Rich DeVos, Doug DeVos and Steve Van Andel
- Entertainment – performance by Elton John

Another very important aspect of the entire celebration was the business session at Las Vegas.

Founders Family was enthralled with celebrations and this is what they had to say at this "once a lifetime" celebration:

Doug DeVos (President and Chief Operating Officer – Amway Corporation):

- We can't think of a better place to begin the celebration than here at Grand Rapids, Michigan. We wanted to bring you HOME, to the place where it all started.
- When you introduce concept of free enterprise and freedom, people change. They put aside their differences and become one group, one unified group of people behind a cause.
- Lot of things have changed in the past 50 years. But the thing that has remained has been our cause, our unity, our purpose – free enterprise, business ownership and the personal freedom that comes along with it, that is the cause and the purpose and we can never forget it.
- "Getting here is all about understanding "change". It's about knowing what to change and about knowing things that never change.
- "But everything else that we do operationally in the marketplace that can change and infact that has to change. Reason we don't have to worry how we manage this is because we know who we are, where we stand and where we are going."

Steve Van Andel (Chairman – Amway Corporation) :

- 50 years ago, two friends started their business. Infact, it was their 7th business together.
- "Owning your own business is a chance to change your life. And if you can change your life, you can change the world."
- Personal freedom, freedom to start your own business, to be your own boss. It lives in the heart and mind of all leaders here and amongst millions of people around the globe.

To rap up, Two Individuals - Rich and Jay, one idea, the Amway and one vision that has carried us for 50 years.

This was followed by the recognition of Founders Council Members on the stage and the personal photograph with Doug and Steve.

CREATING CHANGE to make the world a better place.

We're committed to helping others. And there's no clearer example of our commitment than our One by One Campaign for Children. Since it began in 2003, the program has impacted the lives of more than six million children. Our donations and volunteering efforts have enabled schools, playgrounds, clinics, scholarships, dental care, and vaccinations. We've found a lot of little ways to help, because there are a lot of little children who need it.

Gurgaon -

We celebrated AOF day at Deepashram on 4th may. This was really an enjoyable and fun-filled event with the children. We decorated the entire venue & dance floor with colorful balloons & paper frills. The colorful lights & loud music made the atmosphere attractive.

The program started at 4.00 pm, and all the children saw the DJ floor for the first time & after a few minutes all the children were on the floor. They were very happy with the light & music. Each one of them danced to their heart's content. At the end of the day we could see the happiness on their faces. Fruit juice & chips were distributed to all children.

CMO of the civil Hospital Gurgaon, Rekha Yadav, was really impressed with this. After the event she said that many events attended by her for the help of these type children but this was first event organized by Amway to give children happiness attended by her she offered medical support to the children.

There is no better way in which we could have ever celebrated Amway India's 11th Anniversary. At the Deepalaya School in Okhla, the presence of 360-odd children made the entire atmosphere so beautiful - each was involved in various activities happened during the day.

The event started at 11.am with a welcome note followed by a brief but warm speech by the vice-chairman AOF - Randeep Sisodia. The first activity was the Modern Puppet show which carried the message of truthfulness and it was very interactive activity, followed by Magic show by famous Magician Sumit Kharbanda which was thoroughly enjoyed by children. The few games like tug of war, Straw games, Musical dance & Balloon game wherein kids participated with full enthusiasm - 29 kids won prizes. There was a clown with colourful clothes and painted face, throughout the show to entertain our Kids. After the end of the show, snacks were distributed to all the kids. We distributed 22 AOF school Bags to the 22 adopted Kids for project Sunrise.

End of the day we could see the happiness they carried on their faces.

May 5th is not just the anniversary for Amway India - it has been designated the Amway Opportunity Foundation (AOF) day. For the first time, the AOF day was celebrated at over 50 locations in an appropriate manner. We will leave the description to the AOF volunteers who were involved -

Chennai -

Yesterday the outing with the Jeroham Orphanage children went on well and they enjoyed themselves. We started from the Home sharp at 09.30am after finishing the breakfast. Children were very enthusiastic and happy during the travel. The vehicle stopped at Muttukadu Boat house where all the children had their cruise experience for the first time in their life...

Then travel to Mahabalipuram where all the children provided with lunch with their favourite dish of Fish Fry. After three-hours of non stop frolic in the sea, they also enjoyed with cotton candy, ice creams, mangoes & cucumber during their play.

Finally back to pavilion. A gala dinner had been arranged from Wang's kitchen at the orphanage. Special prayer was conducted for Amway India where all the children prayed for us.....
