A Possible Dream

I would like to express my sincere appreciation to those who helped me get started on my Amway business. They are my sponsors Pearl Direct Distributors Chin Kian Hua & Pink Ling, Kho Kheng Hee & Moi Thin, Direct Distributors Kho Boon Seng & Siok Kheng, Pearl Direct Distributors Peter Lim Choon Huan & Lai Chan, and Executive Diamond Direct Distributors Alan Tay & Siew Hua.

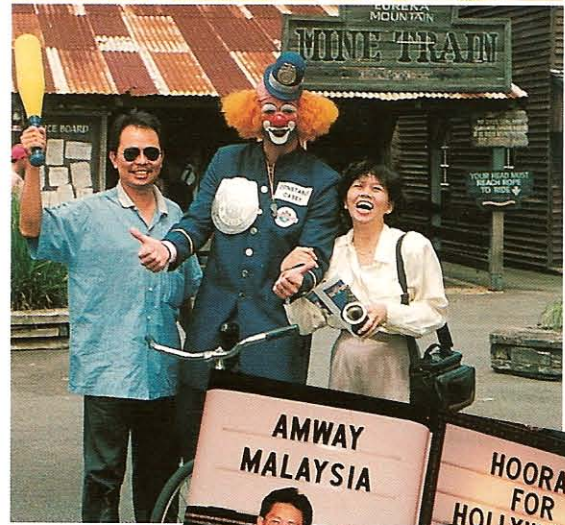

It is also my joy to be able to share this achievement with all the Distributors of CAA Network who are all our true friends. This friendship has stood through the test of time, through disappointments and triumphs. Our success is also their success.

Financial freedom is now a dream come true for us and our children, Jonathan and Alvin. The decision to build our business has made a world of difference to our lives. The business has given us the time and money to savour a wonderful lifestyle that few people of our age can achieve – visiting fascinating vacation spots, owning a luxury car and a comfortable home, achieving recognition, and having the choice to retire from the civil service at the age of 36.

If part-timers like us can succeed in this business, we believe that anyone who decides to give full commitment to building the business can succeed, too.

Reaching Diamond Direct Distributor level and winning our freedom is only the beginning. We are going to continue to enjoy building this business with people who share the same vision and dream with us, and fill our CAA Network with Diamond Direct Distributors as we move towards the year 2000!

Dream Big and Join us to travel the Proven Road of Success!
