## The promise of partnership

**Doug DeVos**

*President & Chief  
Operating Officer*  
Amway Corporation

**Steve Van Andel**

*Chairman*  
Amway Corporation

Fifty years ago our fathers started a small business. As Amway grew and expanded globally, a few things remained constant – mutual trust, respect, and an incredible spirit of partnership. These ideals have endured from day one in this business because they came from the friendship of our fathers.

And because you're part of this business, you play an important role in Amway. When you think about it, we all have roles we play. We're all leaders. Some of you are parents, brothers, sisters, volunteers, and mentors.

In these roles, we form partnerships. And those partnerships can lead to life-long friendships. Just like the friendship that formed this business.

That's why friendship and partnership has always come first in this business. It makes us what we are today – the leading global business opportunity that hasn't forgotten its roots. We understand that the power of this business comes from the bond two friends formed fifty years ago.

And it's the promise of this partnership that makes Amway stronger every day.

## Rajvir & Kusum Singh

Professor (H) & Ex-Teacher (W)  
DOJ: 29/10/1999 | FAIZABAD

I was born in a very small village of Aligarh in a farmer's family and so inherited the characteristics of courage, determination and hard work from my parents. After completing my schooling, I moved to Allahabad University to pursue higher studies and became a Professor. My quest for significance made me write many books and earned award and a letter of appreciation for my book.

In 1989, I married Kusum who is a scholar and a Gold Medalist in English literature. Both of us share everything in life right from our happiness to our passion for success. For us life is a choice; if you can't choose your life you are not living a real life.

When Amway opportunity knocked our door in 1999 through one of our relatives, we could not realize its rewards & potential. Rather we took it as a scheme & were very negative. But God had different plans for us. So we got a chance to attend an Amway meeting which changed our opinion about Amway business entirely.

*Our life is a true epitome of unshakable belief in God, Amway opportunity and our dreams. We strongly believe in the saying "Kabhi Har Mat Manna Safalta Apke Kadam Chumegi".*

Today we see Amway as an unique opportunity that can make ordinary lives extraordinary and significant. We always wanted to live a life of choice & significance. In Amway business we saw our dreams come true. So despite time challenges, we decided to build the business part time with full enthusiasm, determination & hard work. Initially we faced many rejections. Most of our friends and relatives focused on problems, why they cannot do this business but we focused on why should we do this business. It is said, 'Man becomes what he thinks all the time; if you focus on problems you get problems, if you focus on dreams you fulfill your dreams.'

Amway's 50th anniversary celebration instilled new energy, enthusiasm and excitement in us and strengthened our belief and trust in Amway. The organization completing 50 year successfully in more than 80 countries & territories with people from different cultures, ethnic background and political structure, which is a

commendable achievement. Amway achieved these heights with its motto of Freedom, Family, Hope and Reward for everyone. We salute the founders of Amway Mr. Rich DeVos and Mr. Jay Van Andel for changing lives of millions of people round the globe.

As Diamonds in Amway India, we decided to carry the flag of Amway glory further by making a commitment to go EDC in 2008 and grab the once in a lifetime

opportunity to spend quality time with successful leaders of Amway world at Ada Michigan and Grand Rapids.

We are grateful to God for giving us the courage to fulfill our dreams and also Amway India for their support. We are also thankful to our entire team for their support and unflinching trust in our leadership. Our parents & children were always supportive and inspiration in our growth in Amway business.

We attribute our success in life to active support of Amway. Amway has widened our vision in life and also helped us understand that the path of success goes through integrity, honesty & positive attitude. We rely on cooperative, friendly & inspiring team of Amway with whom the journey to our goal became smoother. Best & wide range of Products, honest & fair policies and Optimistic approach of management inspired us to build a great business with such an esteemed organization.

Amway business brought us not only material success but mental peace, high values, disciplined life, luxurious world tour, high reputation & recognition in society, better education for our children and above all an opportunity to help several people improve their lives. As we always believe, 'you can work miracles by having faith in others'.

## A Vijaya & S Alagesan

Homemaker (W) & Auditor (H)

DOJ: 20/07/1999 | SALEM

I am an Auditor, Practioner in Sales-tax and Income-tax. My wife is a Commerce graduate and a Homemaker. She has always helped and stood by me in building the business. We are proud parents of two beautiful children, Nanthakumar, IIIrd Year student of Commerce and Prnshilekha, studying in 11th standard. It is said that behind every man's success there is a woman but behind our success it is our children, who have been an epitome of support to us. We are building this business happily and successfully.

Earlier I tried my hands in five different businesses involving heavy investment, apart from my auditing profession. The only thing I earned from those businesses were heavy losses and experiences. Though I failed in many businesses, yet I learnt the lesson from those failures. I was eagerly waiting for some opportunity and prayed to the Almighty to help us in fulfilling our dreams. In July 1999, I saw this excellent Amway opportunity and joined immediately on the same day since it does not require heavy investment or any risk, tension, any particular qualification or a prior experience. Many of my friends and relatives criticized me for starting Amway business but as George Bernard Shaw said, "You see things; you say 'WHY?' But I Dream things that were never; and I say 'WHY NOT?'". I had great confidence and dream to build the business strongly. Initially God tested us with failures and losses but once we started building the Amway business, Almighty started to shower us with rewards, recognition, foreign tours, true friends and to top up all, a very peaceful and content life.

After using the products, I clearly understood that this is a unique opportunity which provides with all the things as one package. This business means freedom of time that could be spent with family and friends. All the successful people in the

world, knowingly or unknowingly, have a unique feature, i.e., all of them visualize their dreams in their subconscious mind and achieve the same through persistent and consistent efforts. Likewise we followed this success principle and achieved Diamondship.

The first time you make a sale, you are scared. But when someone buys something, you get the confidence. By doing it repeatedly you begin not to worry about rejections because rejection is just part of the process. Fear stops us from attempting new things. We learnt to overcome fear as God is guiding us in the best way, i.e., Amway. So many people fail

to take advantage of their opportunities because they fear rejection or failure. "Winners never quit and quitters never win". We wanted to be winners and hence we built the business continuously without quitting. The secret of our success is very simple. We believed in ourselves, focused on our dreams and never on the problems. We never complained about any thing; we accepted the entire situation.

We are very proud of our great uplines and downlines who supported us reaching our goal. We submitted ourselves 100% with our uplines and the right path without asking any question or giving any excuse. If you want success, hold your upline's hand tightly and go by their advice.

"To be a winner, be with winners..."

## Harish Kumar & Hema Nagar

Scientific Officer (H) & Homemaker (W)

DOJ: 22/04/2000 | RAWATBHATA

"Anything your mind can conceive and believe, it can be achieved".

I was born in Rawatbhata (Rajasthan) in a service class family. I completed my Electrical Engineering and started working as a Scientific Officer with Nuclear Power Corporation at Atomic Power Station, Rawatbhata. I had very less time to devote to my family life as I was always attending the emergencies and forgetting my own priorities.

Hema, my better half, was born in Kota in a middle class family with big dreams and after marriage was confined to household chorus. She is also an ambitious person and full of positive attitude.

My younger brother introduced us to Amway Plan. Initially it looked very simple to me because I was solving the problems of others and ignoring my own problems. Later Hema & I realized it to be the right opportunity made for us. Hema made the decision of life and stuck to it wading through the challenges successfully and continuing the journey of making friends and helping them.

In the initial years of building our Amway business, we faced criticism from friends and relatives. We kept ourself firmly on our track of conviction and belief and marched ahead towards our goal. In our journey we met like minded new friends, who were ready to march with us.

The biggest challenge we faced and bravely weathered, is that I was living and working at Rawatbhata, which is remote place and all towns are 50 to 60 km away. We kept our goal forward, moved forward forgetting the challenges. I supported Hema, who was steering Amway business, after finishing my day's office work. This involved strenuous journey to Kota and

other towns where our business started growing.

After attending a few crucial Amway functions, I could visualize clearly that our solution lies in doing Amway Business. Our confidence and belief became stronger with the passing of each day and the success in the journey started showing its face more brilliantly, increasing our excitement day-by-day and we saw that we were duplicating ourselves successfully.

Starting our journey in the year April 2000 we qualified Silver in the year December 2002, shortly we achieved Platinum pin in 2003 and Emerald in 2005. Now we achieved Diamond pin in 2008.

This went on strengthening our faith and helped successfully transferring the faith we got, in the mind of our downline leaders. We are pleased that our leaders looking at our success have taken a decision to break their diamond pins in the coming years.

Ours is a joint family. My brother is a Platinum and my father is at 21 % level. Because of Amway business the family bonds and ties have increased tremendously. Now we live a stress free happy life, which is of great significance in the company of our dearest daughter Samikhsha, who supported us. We enjoy our freedom fully.

We learnt that only knowledge cannot change the life. Faith and belief in big dreams, commitment, courage, work ethics, discipline and dedication are vital factors for success.

An Emerald is a qualified Platinum who has sponsored 3 legs, each of which was at the 21% Performance Bonus level for at least 6 months of the performance year.

Businessman (H) & Homemaker (W)  
DOJ: 31/07/2000 | ANAND

I was an industrialist and my wife Nalini is a homemaker. We are blessed with a son, Anish and our mother's well wishes are always with us. At first, we could not understand Amway opportunity but we had faith on the person who showed us this business. Today, Amway business has turned out to be God's gift for us and all the credit of our success goes to our dynamic and caring uplines, our strong team and versatile group. Due to our faith in uplines and consistent efforts on our part, we now lead a life with freedom of time and financial security. Our primary vision for building this business was to create financial security for generations to come and a great lifestyle that this business offers. Amway business has enabled me to empower my wife with recognition and respect which I could not have been able to provide in traditional business. Today we enjoy good quality time with each other, which was not possible earlier. Amway business has fulfilled most of our dreams. We are dedicated to this business, because of its transparency, ethics and flexibility.

**Rajkumar K & Padma R Bhandari**

Consulting Radiologist (H) & Homemaker (W)  
DOJ: 24/05/2001 | MUMBAI

I am a practicing Radiologist Consultant for last 28 years having my own Digital Diagnostic Centre and Polyclinic. We had a fairly good life with a successful medical career and a good lifestyle. But one question always used to haunt me: For how long would I be able to work like this? If one unfortunate day, I am unable to perform my medical practice, what would happen to my wife? There was a constant fear in my mind running twenty-four by seven. My wife is a homemaker and we have no child. So when we were introduced to Amway, these scary thoughts encouraged me to immediately join and build this business strictly on part time basis with the help of my team and encouraging line of sponsorship.

Today, I feel very fortunate for choosing Amway opportunity as an option for our secure financial future and to fulfill our dreams. With this opportunity a new side of ours has come to light. Now we feel more responsible towards the society and it is our privilege to help people realize their dreams and aspirations. We are thankful to God, our uplines and downlines for standing by us throughout.

*Desire, commitment, belief and action makes us successful.*

I knew nothing about it and was very conservative about it. After my husband's consent to start up our Amway business, initially I started using products, which I found very impressive. Slowly I started believing in it and building it enthusiastically.

Success starts in this business when you create an awesome team and build leaders. I owe our success to the great support of our children and entire family; to the consistent go-getter leaders of our team; to the awesome mentorship, guidance and support of our uplines. I am also thankful to Amway for constant encouragement and great line of excellent products. This is the only business in which anyone can be successful in life provided he believes in himself and is consistent, persistent and determined in his work. Businessman (H) & Homemaker (W)

DOJ: 05/10/2000 | IRENIPURAM

I am from a middle class family in Irenipuram village. My parents are from farming community. I got employment in Tamil Nadu State Transport Corporation as a Mechanic. Even though I was graded as a good worker, I was personally not satisfied with the earnings compensated for my hard work. In the meantime I got married with Hepsibai and we are blessed with three daughters.

Once we started our life, we realized that my job cannot fulfill our dreams. We were looking for freedom, which was much more than money. We started a few business initiatives and could not compete in the industry due to lack of financial soundness. Finally our search for the apt business opportunity ended when one of our relatives showed us Amway business. In spite of discouragements and hurdles from family, co-workers and friends, with the grace of God, we had courage to face the challenges and with support of our inspiring uplines we could reach this stage. When we became Platinum, I left my job and took the business full time. The financial freedom, royalty, international exposure and the friend circle all together are leading us to high standard of living.

Initially, we could not spare time for this business and were not able to face the failure. We faced our own ups and downs. But thankfully at that time our uplines came to our rescue and supported us in continuing this business.

When we started building this business, my entire family had to sacrifice on their part but now they have received greater rewards like foreign trips, hope for future, time & monetary freedom, recognition, peace of mind and a life worth living for. Without this business I don't think I could have reached this level and fulfilled my dreams. Being in IT, Dhawal was realizing that we had no control on our life. Job was controlling how much time he spent with us, when where and how many days we travelled. I was looking for self identity and something in which we could work together. Starting a traditional business was not a choice because of the obvious risks and time constraints.

When Amway came our way, we took a long time to understand the depth of the opportunity. We were in UK when we saw the real potential of the business and decided to build it strongly in India. Once we understood it completely, we worked hard and developed it into a superb career.

*Now we are completely in control of our life and enjoying every bit and second of it...*

## CREATING CHANGE through leadership.

Chances are that you become an Amway Business Owner to create a better life for yourself and your family. Of course, you still deserve a little something extra for your hard work. In addition to rewards, bonuses and a sense of achievement, the recognition pins you earn along the way identify you as a successful entrepreneur. More than just a precious piece of jewelry, the Amway pin - at any level - is a symbol of your commitment to creating positive change in the lives of those you reach. Best of all, it's a symbol of your leadership that can proudly be worn for all the world to see.

**Amway™**  
OPPORTUNITY FOUNDATION

**OneBYOne**  
Amway CAMPAIGN FOR CHILDREN

Children's Day falls on 14th November each year. Along with ABO volunteers, AOF made it a special day for children at 15 locations in Nov 2008. For a few hours on that special day, children came out of their daily routines and enjoyed the attention lavished upon them by the Amway family. We are thankful to all who took out the time and made this a day to remember. Some of these locations include Ludhiana, Chandigarh, Dehradun, Gorakhpur, Lucknow, Jaipur & Jodhpur.

Project Sunrise – as outlined in the previous issue of Amagram, continues its roll out across the country. Identifying a possible partner – someone who is doing good work and needs help, and yet meets the basic criteria is proving to be a task, but we are happy to report that we have able people on the task who are committed enough to ensure that this project succeeds in delivering what it has set out to do – to have a positive impact on the lives of children. The past few weeks saw this work fructify in Bangalore, Kurukshetra, Jodhpur, Patna, Goa and Guwahati, and the Chairman AOF, Bill Pinckney, graced the launch at Bangalore.

ABO volunteers got together for fund raisers at Trichy, Ranchi, Kolkata, Bhubaneswar and Patna, and as has been practise all these years, the AOF local implementation committee, comprising of Amway staff as well as local leadership, will decide how best to use these funds in their city. So long as as the recipient organization works on the cause of children.

A series of blood donation camps (BDCs) were held in December – primarily in South, and over 1500 volunteers lined up to donate blood. These BDCs were held at Sambhalpur, Hubli, Behrampur, Bangalore, Tirunelveli, Sivakasi, Salem, Kumbakonam, Pondicherry, Ooty, Kochi, Tuticurin, Tirupati, Thrissur, Thiruvananthapuram, Coimbatore, Madurai and Vellore. Clearly someone somewhere had his foot down on the accelerator!

To sum up, '08 was a great year for AOF and we saw fresh ground covered in many new initiatives. Volunteers working in Amway's HO spent their time recording a Delhi University book for the visually challenged, on their own time. We had a special software downloaded on two computers and volunteers spent hours carefully reading out their assigned pages. The computer centres for the visually challenged, the vocational training centre at AICB Delhi, Project Sunrise. Clearly, we have our course chartered out for 09. All we need is your helping hand, dear AOF volunteer!
