CELEBRATING 50 YEARS OF AMWAY

50 years — What an accomplishment

When people ask me whether I thought Amway would get this big, I tell them, of course not!

Did I know that when Jay and I became friends back in high school it would lead to a business that would help millions of people all around the world? NO.

All we were trying to do was make a living for ourselves and our families.

We were just two guys from Ada, MI, USA, who wanted to have a business of our own. We were two kids (it still feels like that sometimes) who were hungry for success and who wanted to give others the chance to be in business for themselves, too.

And what an incredible company Amway is now! It's incredible because of its distributors. It's incredible because of its employees. It's just plain incredible.

Our distributors are invaluable to us. They recognize the value in our products and the business opportunity. They play an important role in bringing free enterprise and the personal freedom that comes along with that to life.

Our employees are widely respected — they are professional, hard working, and extremely responsible.

Their work ethic and character make Amway different from its competitors. Whether you're in the hallways or on the manufacturing floor, you can tell that Amway is successful because of the people that work here.

We're celebrating 50 years of business! I thank God for every one of our distributors and employees, many of whom are dear friends of mine. And I thank God every day for bringing Jay into my life.

And now to the future of touching more people and lifting them up in the world. Our future truly has no limit! We can never stop helping people help themselves, and praising our God who has blessed us all.

Rich DeVos

Co-founder

Building on 50 years of success

When our fathers started this business they had one dream in mind—to make a decent living for themselves and help others do the same. That dream quickly skyrocketed into reality. Amway is a business built on strong values. Those values form the foundation of our company and have for 50 years.

And we couldn't be more proud of the history that has made this company what it is today.

Amway is an incredible company. When we say our employees and distributors are the best—we mean it. They are what make this business different from any other business. We're successful because of their strong work ethic, dedication, and investment in this company. This organization isn't just one person; it's a collaboration of friends working together around the world. And we witness this first hand — every day.

While we've had a very successful history, it's important for us as an organization to build on our history—not go back to it, not to lament that it's history — but to take it and use it and say, "We're going to build on it and make it even better." There's tremendous potential to do that.

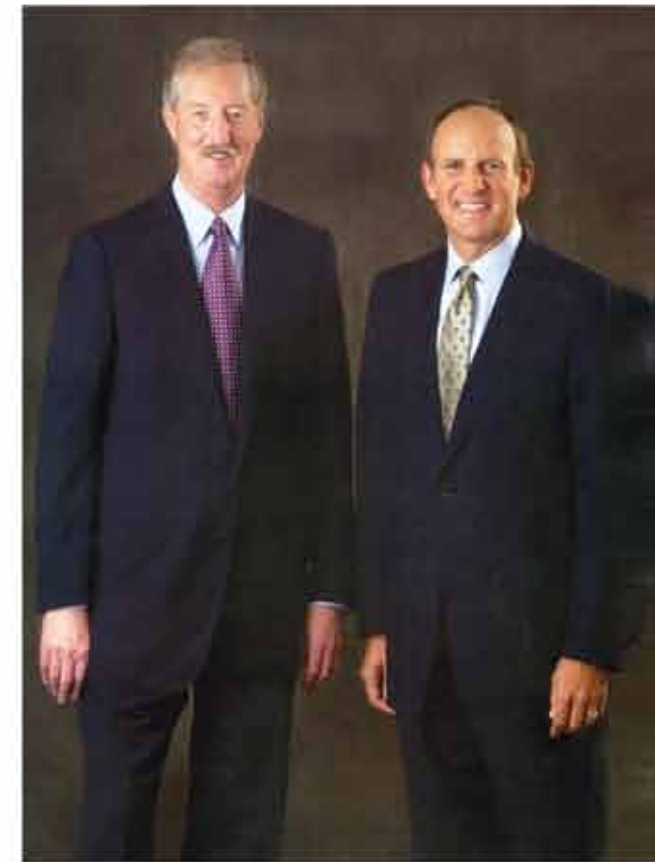

We will continue to build on the original values and principals our fathers established to ensure the passion for the business stays alive. We have big ideas in mind to keep this business moving forward. As we continue to build on our foundation, we can't wait to see where it will take us 50 years from now.

CREATING A BUSINESS OPPORTUNITY FOR EVERYONE

During our 50th Anniversary celebration this year, we took the time to look back at what has made this business opportunity so successful for so many people for so many years.

When our fathers, Rich DeVos and Jay Van Andel, started their seventh business venture together – a business called Amway – their goals were simple. They wanted to sell products that were easy to demonstrate. They also wanted to provide high quality products that people trusted and would buy for themselves and their families.

Most important was their shared philosophy in how Amway should work. They wanted Amway to be open to everyone. Anyone could join. Anyone could work hard, learn and get ahead. Anyone could succeed. Amway wasn't there to keep people out or hold people back, Amway was all about bringing people in.

Giving everyone the opportunity to improve their lives through a business of their own was a concept that truly changed our world. It wasn't just about opportunity – but equal opportunity.

That idea is why we're here today and why our business continues to grow. Today, we are an \$8 billion global enterprise, operating in more than 50 countries...all because of you. You make us proud. And we're grateful for all you do.

And the future! Our partnership with you is what makes this business unique. As we look forward, we can say that this special partnership, our belief in a powerful idea and our determination to pass it on will make this business strong for generations to come.

Jayanthi S & Sreenivasan K

Homemaker (W) & Teacher (H)
DOJ: 08/04/1999 | NAMAKKAL

I was introduced to Amway business by one of my friends in April 1999. When I saw the Amway sales and marketing plan, I was working as a government school teacher and Jayanthi was a homemaker. Her whole hearted support and constant motivation helped me to achieve my Diamondship. We are blessed with two children, S.Mayilanandhan and S.Logapiriyam.

We joined Amway only because of a commitment to my friend. To start with, we faced lot of challenges. We belong to a small town called Namakkal. We had to travel a very long distance nearly 400 km to buy the products and 60 kms to attend any Amway event. Even though we didn't know the proper method of doing the business, we tried several methods to succeed. After completing my Platinum level in 2000, I quit my job. Lots of struggles, persistence and hard work brought us Emerald level in May 2003.

We qualified Founders Emerald level in August 2008 and at the same time we broke a new Diamond leg. On March 2009, we qualified as a brand new Diamond. We are all set to break many more new Emerald & Diamonds in our group. We believe that Amway is the best opportunity to achieve financial, personal and social growth as here you grow by bringing improvement in others life. Our goal in life is to create hundreds of Diamonds by touching millions of lives.

In our journey to success right from the beginning, we used to focus more on relationship building and having people in our business. We gradually understood that this business gives us not only financial security but also family and spiritual values. Our positive attitude and strong determination has made a great change in our life, thanks to Amway. The positive association of likeminded people in this business helped us to increase our self image.

"Winners think of the reward of success and losers think of the penalties of failure." Most of the people try to change the world for achieving success. But they are not ready to change themselves. We strongly believe that nothing happens without a decision to change ourselves.

We have been successful in this business due to the guidance of my uplines and team effort. We thank God for our highly committed uplines and downlines.

Amarpreet S & Sheena Chawla

Computer Engineer (H) & Accountant (W)
DOJ: 16/03/1998 | BHOPAL

We both come from business families. My father was in a family Business of transport and Sheena's father is a builder. I went to USA for my undergraduate studies and did B.S. in Computer Engineering from University of Washington while Sheena completed her B.Sc. from Chandigarh. I was working in a semiconductor company in Bay Area when we got married. We both are very ambitious. I was extremely focused and busy in my job and when we joined Amway, I also got two patents. Sheena was working for IBM.

Comparatively, we were well settled but we knew we could achieve more. We tried few businesses but failed due to lack of experience. In our search, we were introduced to the Amway business. When we saw the plan at a meeting, excited, we joined immediately. But on the second day, a close friend of ours while visiting gave us lots of incorrect information about Amway. After listening to him I decided to quit.

Our sponsors were persistent; they built a good friendship and invited us to meet Diamonds. We got fired-up about their lifestyles and choices in life. There we decided to build this business and to become Amway Diamonds.

We moved back to India due to family requirements and decided to pursue Amway business with whole heart and soul.

After our first ALS at Goa, our commitment multiplied. We worked very hard and broke many new platinums. In the momentum, we went Emerald in 2000. But after that our business growth slowed. We thought we were building the business but in reality we were just managing. We set a goal of going Diamond in 2002 and 2005 but missed it. God wanted us to change and grow.

When Amway announced 50th year celebration at Las Vegas in 2009, we promised our upline mentor we would be there, whatever it takes. We decided to walk by faith and not by sight. We decided to start qualification in March 2008 but we missed. We were very disheartened but had a chance if we started qualification in September 2008. We worked very hard. To

expand my bussiness, I use to stay out of my home for 25 days in a month. We missed again but now there is no stopping. We were going to get Diamond done - it was written. We started qualification in December 2008 and finished in May 2009.

We saw the power of prayer, power of dream and power of strong work ethic, which worked in our life during this period. We believe that God will make everything happen if your desire is strong enough. Our Diamondship came because of the prayers and blessings of our parents, the love and pull of our team and incredible support and understanding of our children Roshel and Ryandeep. Our team was our biggest motivation. I could see in my leaders' eyes that they wanted us to be Diamonds.

Never ever give up!!!

Through this business I retired from the job at an early age of 44 years and became financially free. During our journey we faced challenges, solution for which was within us only. On realizing the same we started overcoming the challenges and today reached this stage in life.

Through this process of self improvement, I have transformed from a manager to a leader, a great server to the people, society, state and country. My wife has also developed leadership quality based on principles, within herself. We always feel proud of each other and are thankful to Amway that it has made us mentally strong that we can not only bring major transformations in our lives but could do our best to help others transform their lives for good.

Sunita Kumari

Homemaker
DOJ: 29/08/2000 | PATNA

I was born and brought up in Begusarai District (Bihar) in a middle class family. My father was a Professor, so I inherited the true values of tolerance and patience from my parents. I did my graduation and post graduation from Bhagalpur University. In 1986 I met Priyamwad and got married in 1990. I was very happy and life was a choice for me. My husband was an Engineer and later became Government Executive.

Me and my husband always wanted a life of choice and recognition. God gave us a way to accomplish the same when one of our relatives showed Amway Business opportunity. Initially I was a bit shaky but after using Amway's world class products, I was convinced that this was the only business that could provide what we were looking for in our life.

Again after seeing the background of the Company and the background of the people in top achievers list, my faith became very solid.

In this journey we never looked back. When we started our Diamond qualification we had two daughters and a son of 1 year. On one side I was building this business day & night and on the other side we had to maintain our family balance too. Facing challenges together and supporting each other, thank God we reached at this level and became the first Diamond from Bihar and Jharkhand. We find our journey as most satisfying, fulfilling our dreams and helping the whole teammates dream to find their destiny. I am personally thankful to Amway, my LOS, relatives, friends and my entire team.

Amway Business has given us opportunity to achieve all the tangible things which we see in our life and also many intangible things which we cannot see like loving and caring friends and ethical values, character building, leadership quality and always thinking big. I personally feel that Amway is an equal opportunity for all those people who wants to become successful. Today this is the single opportunity and best for all to accomplish the best lifestyle.

Now we are committed to break many Diamonds from Bihar, Jharkhand and other parts of India.

Our whole life is dedicated to empowering millions of people in our country to live better life. Our slogan is "You change yourself, the whole world is changed."

Civil Engineer (H) & Homemaker (W)
DOJ: 12/11/1999 | JAMMU

I am a homemaker and my husband is a Civil Engineer. We are very thankful to God for everything we have and particularly the faith and wisdom that He has bestowed upon us that we could value the world class products of Amway and the Amway Business opportunity, inspite of criticism by the people who do not have right information about Amway business. I still remember the day when I joined the Amway business to earn an extra income to meet some household expenses. But within a few months, working part time, the income from the business exceeded our expectations.

I am also thankful to my husband who understood the true potential of Amway business and supported to achieve higher levels of success. Today as an Emerald in Amway business many dreams of our family have been fulfilled. The credit for this success also goes to our awesome uplines, committed downlines and most importantly to the support system of Amway. Amway business is a simple but global business with a nominal start-up cost. Anyone can build on it with honesty, integrity and team work resulting in excellence in leadership, entrepreneurship and values.

Temple Priest (H) & Village Maid (W)
DOJ: 23/12/1998 | ANGAMALY

I am a Temple-Priest and Sadhana, my wife is a village-maid. Ten years back, prior to joining Amway business, we were struggling even for a mere sum of Rs. 150/- as our house rent. I used to earn only Rs. 867 per month as my salary. We never thought in the wildest of our dreams that God has so much in store for us when we came in contact with Amway opportunity. The moment we joined this business, our lives transformed for good. Who would have had ever imagined that people like us who had no money to pay monthly rentals would one day own a house of their own and all possible luxuries of life, like a car would touch their feet. All this is nothing else but the blessings of God and a result of our strong faith in Amway opportunity. Today we travel all across the world, thanks to Amway and this is just the beginning. The best is yet to come. Today we are capable of transforming other's life too with this most ethical and moral business along with bringing smiles to their faces. We feel blessed and honored to be a part of Amway opportunity.

Amway business brought a new morning to our lives and we can proudly say that whatever we are today is all because of Amway.

I am a homemaker and my husband is a Mechanical Engineer. We are blessed with two wonderful children, Jacinth and Jasper. We had big dreams and when we started Amway business we realized that this was God given opportunity to make all our dreams come true. We started building this wonderful opportunity with perseverance, passion and determination with a positive attitude. We are proud to be able to inspire people and built hopes in many families. Thankfully we became their indirect medium to bring their dreams true and thereby succeed in life. All this was possible only because of Amway which taught us what life really means and how nothing is important than the quality time we spend with our family and people around. We understood the highest value activity in our life is to add value to other's lives. The success in this business is determined by quality of relationship we build and maintain. The success is happening just because of the effectiveness of our team and readiness to strike big goals together as a team helping each other and standing with the team throughout thick and thins. We thank Amway for rewarding us for our dreams and labour.

I was practising as an advocate and my wife was a lecturer. We belong to a very affectionate, supportive and devout joint family. We are blessed with a brilliant four year old son, Ishaan Uday Singh. The Amway business has been an exceptional experience for us. Though initially, I was a bit hesitant but I have never given up on any opportunity without trial. Since I started to try out this business, its essential strengths like freedom, family, hope and reward came to my notice. From then onwards, I built it from one stride to another. I married Aman when I was a Founder Platinum and we joined hands on this journey towards success. Primarily, we were attracted to this business due to its best quality products but along the line, we have been awarded with a very beautiful and well travelled life, a secure future and a mission to work with enthusiasm and earnestness. We all have dreams and Amway is the right vehicle to accomplish those dreams. With due guidance from our upline, we have built a great team of friends and we work together to realize all our dreams. We have always been proud of our family and our team and now they are very proud of us.

I was working in a private company and my wife was a homemaker prior to our joining Amway. We are blessed with two sons, Suraj and Pratik. Our life was average but I was a dreamer from my childhood. When Amway business was shown to us by a friend, I joined it immediately for accomplishing my dreams and for achieving financial freedom for myself and my family. Thanks to Amway business and my upline team, I retired at the age of 25. I got success very soon because I believe in hard work, commitment and total dedication in whatever I do. I feel that this ethical business has further inculcated strong values within me which inspired me to get better results sooner. Amway has given us world class products, financial security, good hearted friends, world tours, recognition, happy family life, ethics, values and most importantly the best mentorship and guidance. We feel blessed to be a part of Amway family. We are thankful to God, my parents, our upline and we are proud of our champion team, with whose support and faith in my capabilities, today I could reach this level. Amway is definitely a vehicle that will take you to the road of success if you fuel it with consist efforts and hard work.

I am a homemaker and my husband works for an airline company. We are blessed with three children. Initially I was working in an accounting firm. Then I tried various small businesses. I always wanted to be an entrepreneur, but there were more challenges than money in whatever I did. So I was looking for the right opportunity. When one of my friends told me about this wonderful Amway opportunity, I immediately grabbed it. This is an amazing concept!!! Over a period of time I realized that this is the only business which is inflation resistant and recession resistant. But it is proportionate to our effort. That's what I like about it. But more than money the kind of learning you undergo is unbelievable. The values and principles taught by the founders Rich and Jay are incomparable. Only after coming into this business I realised that "You can achieve anything you want in your life if you can help other people get what they want". I had lot of challenges in life. I was able to overcome all only because of the teaching/learning I got through this business.

The secret of success in this business is "If you don't quit you will win".

We wanted to be rich in life with name and fame and we work really hard, but hard work could only bring us busier schedules and ways that were not ethical and honest. We prayed to God to fulfil things which were missing in my life and I believe a miracle happened when God heard our prayers. Amway business was introduced to me by a relative. I grabbed this opportunity and we started building it, finding it a complete package of financially secured lifestyle with secured income, freedom of time, recognition, rewards, friendship, personality development and happy relationship with peace of mind. We believe that prior to joining Amway our life was incomplete. The honesty, ethics and moral values of this business attracted me to build it with passion and enthusiasm. This business is the science of getting rich, so don't underestimate it. We build this business from our heart not from our mind. Project Sunrise – which is now up and running in 34 cities – was launched at several locations in the past two months. These include - Agartala (Institute for Visually Handicapped), Trivandrum (SMSS Hindu Mahila Mandiram), Kochi (Infant Jesus Orphanage), and at Aizawl, Salem, Hyderabad & Thrissur. This project is a source of pride to us at AOF and we are sure that ABOs too, share this sentiment.

Besides spreading the feeling of well-being within the Amway family, this work also serves for us to bring to the public domain, the other side of Amway. In Kochi, for instance, the District Collector & Magistrate of Ernakulam, Dr. M. Beena, IAS was the Chief Guest and she, on behalf of AOF, handed over AOF's support to Mother Superior of Infant Jesus Orphanage. This would be utilised for the education purpose of the children of the orphanage. Similar stories are replicating themselves across the nation and we are happy to share that we will finally end up supporting close to 60 institutions for a three year period.

To spread awareness about environment protection, AOF celebrated World Environment Day on 5th June at 19 Amway locations at Ludhiana, Amritsar, Jalandhar, Patiala, Bhatinda, Delhi, Gurgaon, Kurukshetra, Lucknow, Dehradun, Gorakhpur, Varanasi, Jaipur, Jodhpur, Udaipur, Alwar, Shimla, Chandigarh & Jammu. Saplings were planted at each location and ironically, north India, in the grip of a dry spell, could do with more plantation drives. After all, it is a fact that trees attract rains!

In this period, blood donation camps were held at Ludhiana, Amritsar & Patiala, with over 200 donors rolling up their sleeves. The East isn't to be out done and a series of 6 Bone density camps were held at Patna, Muzaffarpur, Siwan, Jamshedpur, Dhanbad & Bokaro, where twin objectives of service to society, and a health check up (bone density) were held for. A fund raiser was also held at Imphal.

AOF also joined hands with Pune Police through the NGO – Swayam Suraksha for a poster campaign in the city. The objective of the campaign was to sensitize general public on simple security measures they can take on their own and be alert. At the launch senior police officials appreciated Amway's societal concerns. A total of 15,000 posters are to be put up at various housing societies in Pune.

On the eve of Mahavir International Founder's Day celebration on 4th July'09, Hon'ble Chief Minister of Delhi, Mrs. Shiela Dixit along with Delhi Health Minister, Prof. Kiran Walia presented a memento to Mr. Yoginder Singh, Treasurer, AOF for the good work AOF has been doing for the underprivileged section of the society.
