# SUSTAINABILITY

## Footprints

Small actions can create big change in the world we live in. In Amway's case, a handshake between two friends in Grand Rapids, Michigan, turned into an incredible legacy, a global footprint of empowered business owners and lives forever changed for the better.

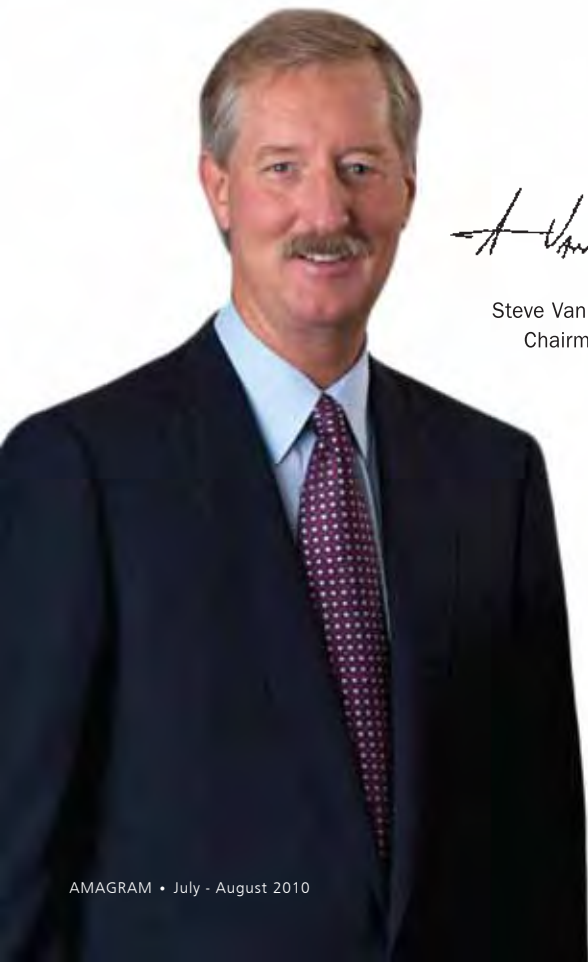

We're proud of that footprint, so it seems strange to say that we want to reduce it. But that's exactly what we're going to do.

In 2010 and beyond, we want to make the Amway business one that you can be even more proud to represent. So, we've set some aggressive goals related to reducing our impact on the environment.

We're already very proud – and we know you are, too – of the organic and sustainable practices used on our Nutrilite farms. There, we take every opportunity to replenish the soil and maintain balance with our natural surroundings.

It's the right thing to do – for this generation and the next.

We'll share our progress with you, and side by side, we'll continue to make our mark. It'll just be a lighter one.

## Amway Founders Council Meeting 2010: New York, USA

The Founders Council meeting at New York was thrilling and exciting. It was like being in a fairy tale. We were delighted to be amongst the “best of the best”. The wonderful part was that Rich DeVos, Doug DeVos and Steve Van Andel were there throughout the whole trip. It was also an honour to have Bill and Rajneesh there all the time, which was a bonus and they helped us in every possible way.

The best part was that both of us had our individual interpreters, who were with us all the time, and helped translate all the conversations. It really enhanced our communication and understanding.

The farewell dinner was arranged at the museum, which was booked only for Amway, and we were all escorted in individual limousines. It was like a high profile wedding procession.

The interaction with Executive Vice President, Jim Payne was quite amazing. It widened our vision and we promised that we would have many more Founders Council members from India in the near future.

The experience was like a new dream with a vision which will help all our friends rise to the top. The message to the Indian Diamonds is that with a desired level of commitment and willingness to work towards your goals, you can also achieve this significant milestone. Amway Business in India has a huge untapped potential, and we are still at an early stage of its realization.

The overall feeling was of utter excitement, thrill and most humbling gratitude to the Universe that has guided us to this level.

**Peggy & Bill Britt**

Authorised Representatives of  
Bill & Peggy Britt Marketing India Pvt Ltd

Homemaker (W) & City Manager (H) | DOJ: 18/03/1998 | New Delhi

Bill grew up the oldest of eight children – and he grew up fast. He saw no other choice, with his father’s alcohol problem resulting in lost jobs, lost homes, and chronic chaos for the entire family. Bill even worked for tips when he was too young to be on anyone’s payroll. So much responsibility at such a tender age could easily have caused bitterness and regret. But, all Bill has to say about it is, “It made me tough.”

After serving in Korea, Bill earned an advanced degree in engineering, and spent the next 15 years as a city manager in various North Carolina cities. His work ethic was impeccable – arriving before anyone else; working hard all day to accomplish more than was expected; and usually the last to leave in the evening.

However, Bill soon discovered that the status of having a professional, highly visible job in the community simply did not make up for the fact that, no matter how hard he worked, the financial compensation for his job was not providing a comfortable life for

Peggy or him. Bill knew he would need to diversify his efforts if they were ever going to have the financial security he had to have.

With the impressive property, Bill Britt was a man on a very serious mission. He and Peggy had borrowed the money for the investment, and after three years of working hard to pay it back, they were still in debt. It was at this time that Bill and Peggy heard about a business that actually paid according to how hard you were willing to work! With each of them already adhering to a phenomenal work ethic – this was a perfect match – just waiting to happen!

Still seething from the investment crunch, Bill approached this “new business” very cautiously. He recalls, “The night I went to see Amway Business plan for the first time, I left my wallet in my car so I wouldn’t even be tempted.” Bill had learned to be more than just a little skeptical!

Bill looked at the Amway Business plan, and what he saw was an opportunity to control his own destiny. A business that he could take and run with as hard and as fast as he could, or simply work as a sideline for some extra income. For Bill and Peggy, the idea of owning their own business, setting their

*“Bill looked at the Amway Business plan, and what he saw was an opportunity to control his own destiny.”*

own schedules, and being rewarded according to their efforts... were reasons enough to take this seriously. As the realization of what they had their hands on took hold, “Everything changed very quickly,” smiles Peggy.

When they began building their Amway Business, Bill was completing a master’s degree in public administration; serving as an officer in the national guard; and working fulltime as a city manager! He certainly did not have time to do this, but he was also absolutely unwilling to settle for anything less than total control of his own life – his money and his time. So, in Bill’s mind, he did not have the time to NOT do this. And now that he had a way to accomplish his goal of financial independence, there was no stopping him. Hard work and adversity were old friends, so there was no fear of that. The only fear – if there ever was one – was the fear of living a life of mediocrity – and that just wasn’t going to happen to Bill Britt.

Sometimes, adversity encountered along the way, especially early in life, can have a debilitating effect on one’s future performance.

For other people, however, it is that very adversity that drives them to rise above that life – to overcome – not succumb!

Bill not only overcame the adversities of his young

life, but went on to become so successful in Amway Business, that he is largely responsible for the development of a host of other successful business owners. A born leader, Bill led all who would follow – right to the well! Thirty years later, Bill is still sharing the dream – the dream of financial freedom that has become a reality for him and for many others.

“In college, I was taught to get a job and work hard,” says Bill.

We take the knowledge we learned the hard way and give it to others. We help them develop their business until they become our peers, and then they pass their knowledge on to others, and that pattern just keeps perpetuating itself.”

Of all that Bill and Peggy Britt have accomplished during their stellar careers as business owners and business builders, they are probably best known and loved for being the mentors to thousands of people looking for the same type of personal freedom.

Nutriline - Offers you the solution...

FOLLOW, THE COLOUR WHEEL

COLOUR your diet

COLOUR WHEEL provides the colour breakdown of the different fruits and vegetables you should be consuming for optimal health along with the associated phytonutrients and health benefits that come from making your plate a virtual rainbow of colour. Variety of colourful fruits and vegetables, grains, legumes, nuts and teas are rich source of phytonutrients. For the best nutrition, try to eat atleast 1-2 or even 3 servings of each colour everyday.

Most of us do not eat the recommended servings

Nutriline as a world leader in phytonutrient research supports this recommendation of 9 to 13 servings\* of fruits and vegetable every day. Nutriline supplements which are rich in broad spectrum of phytonutrients can help bridge the gap between the servings of fruits and vegetables your body needs and the serving per day you actually consume. At Nutriline we include phytonutrients from plant concentrates in our supplements.

## First Ever Diamond Invitational Family trip in the history of Amway India

Gold Coast, Australia will go down in the history of Amway India as one of the most memorable trips. It was the first ever Family Diamond Invitational trip. It was a trip where each and every participant enjoyed irrespective of their age.

All of the 189 participants had a very enjoyable week's stay at Gold Coast. The group stayed in Jupiters Hotel & Casino which is one of the best hotel in Gold Coast. The itinerary was planned in such a way that the families had something to do everyday, starting with a trip to Sea World (one of the best theme parks on the planet). Visit to McLaren Island with exotic Barbeque lunch and water sports. Also cherished was the trip to Amway Australia and a trip to Dream World on the last day. Last but not the least was the Farewell Dinner in the hotel. The highlight of the dinner was the Magician showing his tricks to the children and the Indian DJ who made sure that the group had a rocking time dancing to the tunes of Bollywood.

One of the key activity of the event was Business Session which was led by Mr. Bill Pinckney and Mr. Rajneesh Chopra. They shared the company plans with the Senior Leadership. Children had great fun playing cricket, football, dancing, in the adjoining room while the parents were attending their Business Session.

The excited & motivated happy families returned back to India with loads of cherished memories.

Another month, another ambulance donated! This time, it was in Delhi, with none other than the AOF Chairman, Bill Pinckney at hand to flag-off the ambulance, which was donated to Sunder Lal Jain Hospital, Ashok Vihar, Delhi. This is the 9th ambulance van donated by AOF. The services of this Ambulance would be provided round the clock for the patients of the Hospital and other needy within Delhi NCR.

The flagging off ceremony was carried out in the presence of leading ABOs of National Capital Region. The event was also graced by Mr. Hari Shankar Gupta, MLA, Ashok Vihar, Mr. Kapil Gupta, President, Rotary Club of Delhi Ashoka and Dr. Chander Prakash, President, Sunder Lal Jain Hospital. This ambulance will highlight Amway's commitment towards the society and don't be surprised to see the ambulance in your neighborhood one of these days!

In association with Worker's Union Manipur (WUM) an NGO authorised by the Imphal Municipality, AOF led a five-day cleaning drive programme in Imphal. The clean-up started at M.G. Avenue as the accumulation of garbage was maximum there and subsequently spread to Paona Bazar, Nagamapal, Khoyathong & Kangla road. The program went off very well and appreciated by local residents of Imphal. We will explore replicating same exercise at other places as well.

May 5th has been designated AOF Day and had been duly celebrated at several locations this year as well. In most locations, this was with the Sunrise partner, where AOF volunteers – Amway staff as well as distributors, got together with the children of the Sunrise partner, and made it a special day. We could not hold this event at all locations due to the holiday or the excess heat conditions but will do so in the coming months.

As a part of our continuous support towards underprivileged children, AOF put together a musical night to remember. This event was especially brought together to extend support towards the children of Adhar Ashram, Nasik in the areas of health & education. The evening saw celebrated personalities like Chaitanya and Saily Panse (Zee Sa Re Ga Ma Pa Finalists), Sandeep Ubale (Indian Idol Contestant) and Sandeep Lokhande (Radio Jockey - 107.1 Rainbow FM & TV anchor) come together for the musical evening to support the cause in their own special way. Under the Project Sunrise, AOF will support education expenses & Health expenses of 40 children for a period of one year to begin with. Chief Guest for the occasion was Mr. Harish Bajjal, DCP, Anti Corruption Buerau.

Talking about Project Sunrise, we added a few more locations this month at Adhar Ashram (Nashik), Nand Gokula (Gulbarga). The painting competition - Nanchit – was held at 6 locations in North and in West, a Musical Show with celebrity artists, was held to launch Sunrise at Nasik. With this, we have signed up over 50 partners and should have the rest completed in one or two months' time. A lot of hard work has gone into this and we appreciate all those concerned.

# Culinary Specialities of Switzerland

If variety is the spice of life, then Switzerland certainly offers a colorful palate. Drawing the best from their neighbors, it incorporates cuisine of Italy, France and Germany into its own Swiss specialties.

Before a meal begins, some Swiss wish each other *en Guete* or *bon appetit*, while others say *buon appetito* or *bien appetit*. In any of the four national languages - Swiss-German, French, Italian, Romansh - it all means the same: "Enjoy!"

The cuisine of Switzerland is popular all over the world. The Swiss cuisine cooked with fresh and raw items in the traditional way offers a great culinary delight to the food lovers. You can get to taste the lovely food specialties of Switzerland as well as mouth watering Indian dishes in any of the food outlets scattered throughout Zürich. The restaurants of Switzerland maintain best hygiene and the foods are available at a convenient price too.
