# WHAT MAKES A LEADER?

Leadership is one of the most important qualities in this business. We see it manifest in so many different ways. We make a point of recognizing it, and celebrating it, on a regular basis.

That's why we spend time with our top leaders every year – our Founders Council members. This year we'll be together at the Beijing Olympics celebrating their accomplishments and acknowledging their leadership.

It's important to us, because they exemplify what we all strive for when we represent Amway.

They have the most experience in this business. They've worked hard to achieve their success, and they share it with everyone around them. They pass it along, because leadership is not a solitary pursuit – it's a team effort.

So what does it really mean to be a leader in this business? In essence, it means mentoring the new person. Helping them see the value in this business, and showing them the importance of working together with their group to help everyone succeed ... and then lead ... because the strength of our company comes from the leadership capabilities of every individual who takes part.

Everyone can make a difference. All of us together create an incredible team – a group of people who have the ability to succeed and contribute and lead in their own unique ways.

## Arun & Pragna Pathak

Homemaker (W) & Mechanical Engineer (H)  
DOJ: 7/05/1998 | Place: Surat

I am a Mechanical engineer and have worked for seventeen years in various corporate houses. Pragna is a homemaker. I started my career with my initial dreams of building a house for my family and buying a car and soon realized that we need to look for an additional source of income to fulfill our dreams. We examined various options, but the demands of time and investment in those businesses were high and beyond our reach.

In 1998, a senior colleague of mine introduced us to the Amway opportunity. We were soon able to realize the long term potential of this business. Though many people discouraged us in those formative years, we thank God that we did not listen to them. When nothing was happening for almost a year, our upline stood by us, trusted our ability and always motivated us and helped us to see the big picture. We took the challenge when most people who started the business with us quit.

After reaching Founders Platinum in year 2000, we earned recognition across the nation and also got many friends into the business, which would not have been possible with my job in the corporate world. This business also created a better environment at home and we as husband and wife always stood by each other. This also started reflecting in our children, Aditi and Krutarth. We could give them the ability to view life in better perspective. Today they are different children. They are joy of our life, our biggest supporters and are all set to become great achievers in their own capacity.

Participating and being invited to the 50th year Grand celebration of Amway at Las Vegas is another motivation for us to qualify as Diamond in this fiscal year. This is a life time opportunity and we are extremely happy to have qualified for the same.

Qualifying as a Diamond is a process and this starts by making a small decision with faith. This decision is followed by investing time and effort consistently. Having strong conviction that this will lead to a far better life, than what you are currently living, is very important. Consistence and persistence is the key. We saw many ups and downs along the way. Facing rejection is that part of the journey that would truly test your character and tenacity.

Today we also feel happy and proud that we have been able to directly and positively impact thousands of families in a very positive way. Most people don't understand the advantage of building business without any self owned infrastructure. It is these people who need to see the unique opportunity. Amway, powered with its outstanding products and nationwide distribution infrastructure, takes away most of the pain in servicing. We see a bright future of unlimited potential not only for us, but for millions of others who can catch the vision that this unique opportunity offers.

We thank God for gifting us this wonderful opportunity. We are very much thankful to our entire line of sponsorship and to Amway India team for their unstinting support. We are also thankful to our parents and family members for their motivation and support to build this business. We are proud of our team, which is always with us and supported us throughout.

An Emerald is a qualified Platinum who has sponsored 3 legs, each of which was at the 21% Performance Bonus level for at least 6 months of the performance year.

**M Kumar & K Vanitha**

Engineer (H) & Homemaker (W)  
DOJ: 22/09/2000 | TANJORE

I am an Engineer and my wife is a homemaker. We are blessed with two little daughters, Sivapriyaa, who is eight years old and Sivaranjane, three years old.

I am a big dreamer. Through my respective jobs, I could run the family with great difficulty. I was looking for another opportunity. Initially, we could not understand the potential in Amway. After two years, we saw some of the friends doing really well in the same. I then understood what I failed to do earlier and took it up immediately. As soon as we realized the true potential of Amway, we started working with passion, dedication and sincerity towards achieving our goal without looking back.

We owe our financial security, a stress-free and peaceful life to this opportunity, which has even provided us with quality time to spend with our children, a distant dream otherwise. We owe our success to Amway, our team, committed uplines and dedicated down lines, without whose unstinted support, success would never have been possible.

Our Mantra for success is to perform our duties, believe in God and believe in miracles to happen!!!

*However tough the times may be, Smile through it with the self belief. You will eventually triumph.*

Also qualified as Sapphire.

**Vijaykumar & Saraswathy**

Communication Industry (H) & Teacher (W)  
DOJ: 31/05/1998 | CHENNAI

I am a qualified Teacher and due to health challenges, I gave up my job and took up bridal make up. I grabbed the Amway Opportunity the moment I got to know about it and found the experience to be awesome.

Unlike other business where you keep the secrets to yourself, here you grow only when you share your expertise with your team members and equip them as you are. If you believe in yourself, your abilities and work hard focusing on your dreams, you will be not only be associated with success throughout your life but as a family all will change for good. You would lead a stress free, financially independent life where you would have time for your family, which is not possible anywhere else.

My husband who works for a PSU helps me and all my team members in the most important aspect of this business, which is communication. I love training and product demos which I feel is the essence of growth and try my best to help my team members achieve their goal.

*We strongly feel that Amway is a permanent answer to all the quests for realizing dreams and reaching success.*

Authorised representatives of Saraswathy Vijay Associates.

**P Jayalakshmi**

Ex-Teacher (W)  
DOJ: 22/12/2000 | NEYVELI

I was working as a school teacher with M.A., B. Ed. qualification. My husband is a Civil Engineer with MBA. We are blessed with two children, Janani and Bala Prakash. We got this amazing business opportunity when both of us were busy in our jobs with full family responsibility.

Believing our friend through whom we came across Amway, we started building this business. But after understanding the real potential of Amway opportunity, we become more serious and started putting our efforts more consistently. In this level of success, we personally feel that this journey was highly enjoyable and pleasurable, particularly early retirement with financial security, freedom of time, friendship, personal development, helping others and foreign trips. Amway has taught us that learning, working hard and associating with people is the method of achieving success. For us Amway stands for financial security and a stress-free, peaceful life, which is otherwise hard to achieve.

We thank God, our parents, uplines and our all our associates for providing us with power for making more lights in many homes through this opportunity.

*We believe that this is the only business which can be done by any one, any where, at any time and to any heights of success, if willing to stay focused and work hard.*

**Pummy Sachdeva**

Amway Business Owner  
DOJ: 06/04/1998 | DELHI

I joined the business in 1998, when it was launched in India. I had left my job to look after my children full time. We are blessed with a daughter, Anahita and a son, Gobind. As the children grew, I realized I was working hard as a full-time mother and a homemaker, but I had stopped growing personally. I wanted to do something on a part-time basis which also offered me the flexibility to fulfill my commitments at home. Our friends introduced us to this opportunity. As I trusted them, I took it up without any hesitation. I got success very soon as I believe in hard work, commitment and total dedication to whatever I do. My husband is a Chartered Accountant and works for an international organization. He has always encouraged me to achieve more in life. My father-in-law, an advocate, provided lot of support to me to grow in this business.

Though a lot of distractions came in my life, but I decided that I will always build it no matter what the challenge is. The idea of helping people achieve more in life always kept me going.

We have gained lot of friends, learnt about success, principles, and values and learnt how to make a life and not just a living through this opportunity.

*My purpose today is to impact lot of lives the way my life has been impacted.*

**Suresh Chandra & Neelam Srivastava**

Ex. Lect. (Maths) (H) & Homemaker (W)  
DOJ: 30/12/1998 | LUCKNOW

I was a teacher and my wife is a homemaker. We are blessed with two children, Tarun and Sulekha. I was not satisfied with my fast moving life and financial status. During my struggling period I came to Lucknow with my newly wedded wife in 1986 and started working as a Mathematics Lecturer in an Inter College. During this period, I couldn't spend quality time with my family and was looking for time, freedom and financial security. Our life was in disarray and hectic when Amway business opportunity knocked our doors. Initially, I could not believe its potential. After attending a mega function, we decided to work whole heartedly to build this business and my wife and children supported me throughout.

Amway has changed our lifestyles. We were looking for recognition and respect, which Amway has provided us. It helped us fulfill all our dreams.

It is my strong belief that the Amway opportunity is the best opportunity for all ambitious people who want success in life. I worked really hard with full commitment towards my goal and was able to fulfill all the dreams of my family. I owe all my success to the love and support of my children, upline and downline.

*Build relations with people, relations build the business. This is the secret of our success in the Amway business.*

DOJ: 03/04/1998 | MUMBAI

I am from a business background and my wife is in a job. We belong to a middle class Maharashtrian family, where we always saw our parents working very hard but even after retirement could not fulfill all their dreams. As a young couple, we had many dreams, but were impossible to achieve with our current careers. We even wanted to have freedom to spend quality time with our family and most importantly peace of mind which can come only with financial security.

It's because of training and counseling we were provided; guidance of our uplines and support of our downlines and our dear family, an ordinary couple like us could make it to this level.

*Amway Opportunity entered our lives as a God's blessing.*

I am very grateful to my wonderful uplines and my great team, without whose help it would have been impossible to reach this level.

*Dream big and work for it.*

Coming from a traditional business family, I was looking forward to start my own business. Amway opportunity appeared to me as the only business that promises a stress-free, financially independent and a peaceful future. One thing that appealed me the most about this opportunity was the fact that this is the only business in which you grow by helping others grow. The fact that your growth as a person determines your success was also quite interesting. I made a decision to trust in my mentors, aim high, and work hard towards realizing the dream.

When we started with Amway, our focus was to have financial independence and to be in control of our future rather than to put it in the hands of someone else. Our team, who saw the big picture and profit in the plan, introduced us to Amway.

The future is financially secure when we work for ourselves with Amway and our uplines to guide and downlines to support us. The rewards are well worth the efforts. This business has given us the chance to travel around the world many times. It has also helped us to have financial security, time with our family, respect and recognition. It is always the extra mile that kept us successful in Amway, along with our team that stood for their dreams and goals.

## **NUTRILITE™**

### CH balance

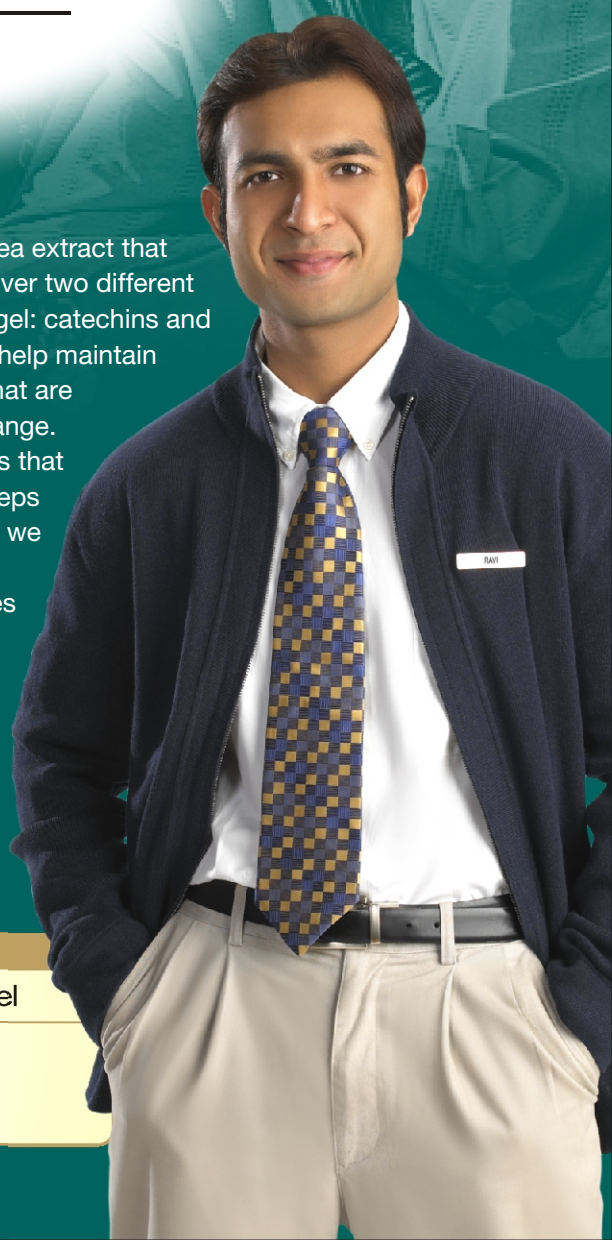

A naturally sourced green tea extract that has been formulated to deliver two different Phytonutrients in each softgel: catechins and theaflavins. Together, they help maintain healthy cholesterol levels that are already within the normal range. Scientific research suggests that this unique combination keeps the cholesterol in the foods we eat from being absorbed in the GI tract, and encourages the liver to extract more cholesterol from the bloodstream to make bile

**Suggested Use**  
**Adults:** Take two softgel daily with a meal.

#### Supplement Facts

Each Softgel Contains	Amount per 2 Softgel
Green Tea Extract ( <i>Camellia sinensis</i> ) (leaves) (22.5% theaflavins and 40% catechins)	395mg

It was none other than the AOF supremo – Mr William Pinckney, who flagged-off another ambulance donated – this time at Ludhiana – to the Baba Bodley Shah Welfare Committee – this is an accident and trauma group. This ambulance will be placed in Malerkotla, at the tri-junction of Ludhiana-Patiala-Khanna. Heera Singh Gabaria minister for Culture Tourism and Jails, Punjab over was the chief guest. All of us at Amway can be proud of this flag-off, as it epitomized the highest standard of communal harmony – a Sikh and Christian, donating an ambulance – from funds raised by all communities - to a Mohammedan welfare committee.

At the other extremity of the country, an effort no less remarkable took place at Kochi. A Musical Evening by visually challenged troupe was held in early May to herald AIE's 10th Anniversary. At the event a donation of Rs. 1 Lakh was made to the Chief Guest, mayor of Kochi Corporation to fund the supplementary nutrition for underprivileged children. This event – the biggest such event seen till date, was made possible by the drive and leadership of Mr Sajeev Nair, who ensured the presence of over 3000 Amway distributors.

In Bangalore, AOF donated 4 computers and Braille slates to the students of V Care Foundation. At Chennai 212 people donated blood at a blood donation camp. At Bhubaneshwar BDC, over 50 Amway distributors of Orissa rolled up their sleeves and donated blood.

At Andheri, the children from Save the Children India to participate in a special workshop with our ABO children. ABO children were taught to paint, make paper bags etc by these less privileged children. AOF presented them educational aids. In Bhopal, children from Ashuna Foundation participated in a special workshop with our ABO children. All children were taught to paint, make paper bags, Pot painting etc by these less privileged children. AOF presented them Almirahs and Swings. At Ahmedabad Amway distributors and staff went to Missionaries of Charities to celebrate Amway's tenth anniversary. AOF presented, Coolers, educational aids, food products etc to the children. Shri. Sanjay Shrivastava, IG Intelligence department was the chief guest.

At Thane a combined Blood Donation Camp and donation - in the form of school uniforms, bags, shoes and raincoats to the children of Vivekananda Balakashram took place. 25 ABOs donated blood at the camp carried out with Red Cross Society helping Thalassaemic children.

At Bhavnagar, AOF donated two Personal computers to Chanakya Prathamik (Primary) school at Bhavnagar. Mayor of Bhavnagar, Ms Rinaben Shah was Chief Guest for the occasion.
